

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

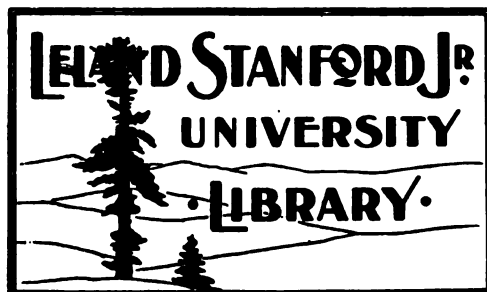

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

PREFACE.

THE thirteen parts which this volume comprises have already been issued separately, and now appear in a collective form with a General Index. Since the publication of the various parts the figures contained in them have been subjected to careful revision. It is possible, however, that some errors may still remain uncorrected ; if there be any such which come under attention information concerning their nature and position will be gladly received.

* Year ended 31st December, 1903. † All lands within the City of Sydney are assessed on their annual rental values. There is comparatively little unimproved within the city boundaries. ‡ Street watering; local only. § Bexley is included with Hurstville. ¶ Fire Brigade; general. ¶ Fire Brigade (general), §d., and street watering (local only), 1d. ** Vaucluse is included with Woolahra. †† Fire Brigade. Garbage rates of 6s. and 12s. per annum are also levied, the former on houses under, and the latter upon those on and over an assessed rental value of £30 a year. †† Year ended February, 1903. §§ Drummoyne includes Five Dock; these two municipalities having been amalgamated again under the name of former on the 14th March, 1902.

Municipal Rates.—Municipal rates are levied on nine-tenths of the annual value of improved property, and on 5 per cent. of the capital value of unimproved land, except in the City of Sydney where the maximum percentage on unimproved is 6 per cent. In boroughs and municipal districts they are struck yearly; in the City of Sydney, from time to time, as may be decided. In the city the general rate stood at 16d. from 1891 to 1899, but was raised to 1s. 6d. in 1900, to 2s. in 1901, reduced to 1s. 10d. in 1902, and still further reduced to 1s. 9d. in 1903, and this covers all expenditure; in the other municipalities the general rate cannot exceed 12d., but special rates may bring the total up to 2s. in the £, with 6d. more for street watering, and an additional rate may be levied for water supply when the works have been constructed under the Country Towns Water and Sewerage Acts.

Fire Brigade. † Although no provision exists for disestablishing municipalities, Silverton is, practically one no longer. No rates were levied for the year 1903-4, and no assessment made. The particulars given are for the year ended 1st February 1897, the latest available. No information has been obtained in regard to the unimproved capital value; that given being an estimate only. †† Singleton includes South Singleton. * Street watering; local only. † Year ended 3rd February, 1902. ** Including charges by contract. ** Year ended February, 1903.

NOTE.—The unimproved capital values are approximate only in the cases of Brewarrina, Hillgrove, Manilla, Narramine, Silverton, Warialda, Wrightville, and Wyalong.

NOTE.—For method of arriving at the Net Debt, see "Statistical Register" for 1902.

*In addition to this amount an annual sum of £53 11s. is payable on account of the interest on half the cost of construction of an artesian bore, which, however, remains the property of the Government.

†At Forbes, Hay, and Wilcannia the works were constructed under the supervision of the Municipal authorities, and the expenditure shown in the table is not the actual cost of the works, but the Government valuation.

Water Supply of Country Towns.—The Country Towns Water Supply and Sewerage Act and Amending Acts provide for the construction by the Government of waterworks and sewerage systems in municipalities which are outside the areas served by the Metropolitan and Hunter River Water Supply and Sewerage Boards. The cost becomes a charge against the municipality, carrying interest at the rate of 3½ per cent., and repayable by annual instalments over a period of not more than 100 years. Under special circumstances, the Government may remit part of the cost.

Though the Manly works were constructed under the Metropolitan Water and Sewerage Act of 1880, the more favourable terms of the Country Towns Act of 1894 were extended to them; hence their inclusion in this table to the 31st December, 1901, since which date they have been retransferred to the Metropolitan system.

Richmond has also constructed waterworks under the Act, but the control was subsequently transferred to the Metropolitan Board of Water Supply and Sewerage. (See Table No. 34.)

Campbelltown and Liverpool have each a separate water supply drawn from the main canal, particulars of which will be found in Tables Nos. 32 and 33.

In addition to the above, there are nineteen districts which are supplied by the Hunter District Water Supply and Sewerage Board. Information with respect to this Board to 30th June, 1903, will be found in Table No. 35.

The municipal districts of Broken Hill and Silverton are supplied with water from works situated at Stephen's Creek, which were constructed by a private company under a special Act passed in 1898.

The waterworks at Cobar, Junee, and Tumut were completed and handed over to the Municipalities subsequent to the 30th June, 1903.

Municipal Elections.—In all municipalities, except the City of Sydney, elections are held in the month of February, the two auditors and one-third of the aldermen being elected annually. All ratepayers, whether male or female, are entitled to vote, property assessed at an annual value of, and under, £25 carrying one vote; £75, two votes; £150, three votes; and over £150, four votes. With a population between 500 and 1,000, a municipality may be divided into two wards; between 1,000 and 4,000, three wards; over 4,000, four wards. When a new municipality is formed by the union of others, the number of wards may be increased to six. North Sydney is the only one having more than four, as it was incorporated by the amalgamation of St. Leonards, East St. Leonards, and Victoria, and the number of wards was increased to five. Undivided municipalities are set down as consisting of one ward.

In the City of Sydney the elections are held every second year on the 1st December, unless otherwise determined by special legislation. Unlike those in the other incorporated districts, owners, occupiers, and lodgers occupying premises for six months and over have the right to vote.

Capital Cost and Net Liability.—The difference between these totals is mainly attributable to a sum of £377,382, representing expenditure by the City Council on water-works, afterwards taken over by the Metropolitan Board of Water Supply and Sewerage, on which the Board does not calculate interest. As will be seen, this amount represents the exact difference for the years 1896 to 1900 inclusive and for 1902 and 1903. The difference for 1901 of £375,927 is also the amount of the Board's liability to the City Council Water Fund.

Cost of Offices.—The amount of the capital debt set down for the last six years does not include £32,525, the proportion of the cost of offices chargeable to the Water Supply Branch; the Board charge working expenses with rent on the new offices.

NOTE.—These works were constructed under the Country Towns Water and Sewerage Act. The Municipal Council of Richmond administered the service till the 26th May, 1893, when it was temporarily transferred, pending legal powers, to the Metropolitan Board of Water Supply and Sewerage. The Board is much restricted in its management, as only premises owned by persons who have signed agreements to take the water can be rated. The accounts are kept separate from those of the Metropolitan Water Scheme.

(—) Deficiency.

* The figures given above for year ended 30th June, 1903, are based on the statements referred by the Minister to the Board for report, as required by the Amending Act. The Board are in correspondence with the Minister on the matter, and the debt has not yet been finally determined.

Maintenance.—The figures given above for the first four years represent only the actual expenditure. Under the new Act, which came into operation on the 1st July, 1897, it was enacted that proper provision should be made for the reconstruction of renewable works by setting aside a sum from each year's revenue to the credit of a sinking fund at the Treasury, from which fund the amounts expended from time to time for maintenance and renewals should be drawn. Had provision been made for the sinking funds for permanent and renewable works, as laid down by the Acts of 1892 and 1894, during the first four years for which the figures are given above, the item for maintenance would have been represented by the instalment or each year, and the operations would have resulted in greater deficiencies than the amounts shown for the years 1894-7.

Capital Debt.—Under the 14th section of Amending Act, No. 14, of 1897, the Board are required to levy such rates (subject to a maximum of 1s. in the £) as shall be sufficient to provide for (a) interest on the capital debt at $\frac{3}{4}$ per cent. per annum, (b) management and working expenses, (c) the annual instalment to the sinking fund for the reconstruction of renewable works, and (d) the deficiency on the previous year's operations (if any). Under the 36th section of the Act, the Minister has to determine the capital indebtedness of the Board to the Government up to the 30th June, 1897, and thenceforward annually.

NOTE.—Mortgages of Registered British Vessels are dealt with under the Imperial Merchant Shipping Act of 1894. The mortgages are, according to the Act, divided into two classes—one in which the ship is the sole security (principal sum), and the other in which advances are made on the security of what is termed "the Account Current" which may comprise other appliances besides ships. Registrations are effected at Sydney and Newcastle.

No. 36.—Vessels incurring Pilotage Dues, also Vessels Entered from and Cleared to places outside New South Wales at each Port during 1901–3.

PILOTS AND PILOTAGE.—Appointments to the Pilot service are made by the Public Service Board, and all pilots are Government officers. Certificates of Exemption from Pilotage for the various ports of the State may be granted to British subjects who are *bond fide* masters of British ships employed in the Australasian, South Sea Island, or the whaling trade, on passing the necessary examination, provided they have been three times in and out of the particular port for which the Exemption Certificate is desired with their vessels as masters or chief officers. Masters of vessels who hold Certificates are not liable for pilot dues unless the services of a Pilot are obtained.

Vessels Entered and Cleared.—Vessels which entered from, or cleared to, places outside the State are entered by the Customs Office at the first port of call in New South Wales, and cleared at the port from which final departure is taken.

NOTE.—The Department of Navigation subsidises tugs at the places mentioned in the above table for the purposes of towing vessels in and out of port or river. The tugs are not allowed to leave the station without the sanction of the Department, and the master must endeavour to be in the vicinity when vessels are ready for sea, and in cases where vessels are in actual danger he must promptly render assistance. The maximum rate for ordinary towing is fixed at 4d. per registered ton with a minimum of £1 10s. Disputes arising with respect to special services must be settled by arbitration. The masters of tugs are required to take pilots off to vessels signalling for services of a pilot.

No. 40.—Approximate Depth of Water on River and Harbour Bars.

Tides.—*Port Jackson, Sydney.*—The self-recording tide-gauge, situated at Fort Denison, was set up in 1867, since when there has been a continuous record of tides. The average rise and fall of the ordinary tides is 3 feet 4·2 inches; but the spring tides average a rise of 4 feet 11·7 inches, the greatest range of spring tides in 24 hours being 6 feet 5½ inches.

Port Hunter, Newcastle.—The tide-gauge is at the pilot's house. The average rise and fall of the ordinary tides is 2 feet 4·8 inches; but the spring tides average a rise of 5 feet 2·6 inches, the greatest range being 6 feet 6½ inches.

No. 45.—Certificates of the Department of Navigation, 1894-1903.

DEPARTMENT OF NAVIGATION.—The "Navigation (Amendment) Act, 1890," created the Department of Navigation, including a Superintendent acting under the control of the Minister, and a Deputy-Superintendent for the Board at Newcastle.

CERTIFICATES—Master.—To obtain a master's Foreign-going certificate, the candidate should be at least 21 years of age, and have served six years at sea. For the coast trade the minimum age is 20 years, and the service at sea four years, one year of which must have been as mate.

Mate.—To obtain a mate's Foreign-going Certificate a first mate must be at least 19 years of age, and have served five years at sea, one year of which must have been as mate in a grade not lower than third or fourth mate in charge of a watch, whilst in possession of a second mate's certificate. For position of "only" mate the candidate must be at least 19 years of age, and have served five years at sea. For second mate the minimum age is fixed at 17 years, and the service at sea four years. For the coast trade a mate must be at least 19 years of age, and have served three years at sea.

Engineer.—A candidate for a first-class certificate of competency or service must be at least 22 years of age, and for the second and third-class certificates the minimum age is fixed at 21 years.

Marine Surveyor.—Certificates of Competency are issued to those who can pass, or have passed, the examinations necessary for an extra first-class engineer's certificate, or to master mariners who have been in command of foreign-going ships for not less than five years, or those who are in possession of extra master's certificates. Certificates of Service are issued to persons who have served as Marine Surveyors in any part of New South Wales for three years prior to 1881.

Court of Marine Inquiry.—District Courts hear and determine inquiries as to shipwrecks and other casualties affecting ships, or as to charges of incompetency or misconduct on the part of masters, mates, or engineers of ships. Appeals and references under the Navigation Act are also heard and determined. One or more District Court Judges sitting as a Court of Marine Inquiry are assisted by two of the assessors appointed under the Act, but such assessors have power only to advise and not adjudicate on any matter before the Court.

SAILING VESSELS.

The number of passengers by sailing vessels is becoming smaller from year to year, owing to the time taken in the voyage and the great decrease of the rates of steamer fares. Single first-class fares from Sydney to London are, however, quoted as £35 to £40, but there are now only two or three sailing vessels trading to London which carry passengers.

NOTE.—In a few instances the exports consisted entirely of ship's stores required for use on the voyage to certain countries, which accounts for the small value of the trade between New South Wales and these countries.

No. 60.—Trade of each Port and Station of New South Wales, 1899–1903.

No. 5.—Particulars of Auction and Other Sales.

Forms of Alienation.—Crown Lands may be acquired by (1) Auction Sale and after Auction, (2) virtue of Improvements, (3) Special Purchases, (4) virtue of Volunteer Land Orders, (5) Exchange, (6) Dedication, (7) Conditional Purchase, and (8) Homestead Selection.

Divisions in which Land may be acquired.	Authority.	Limit of Area.	Minimum Price.	Remarks.
AUCTION SALES.—Payment to be completed within three months.				
Eastern, Central, Western.	Act 1884, sections 61 and 62, and Regulations 131 and 132.	Town lots, $\frac{1}{4}$ -acre; Suburban lots, 20 acres; Country Lots, 640 acres.	The upset price is fixed by the Minister for Lands, but is limited by law at not less than £8 per acre for Town, £2 10s. for Suburban, and £1 5s. for Country lots. Twenty-five per cent. of the purchase money must be paid at the time of sale, and the balance within three months, otherwise the sale may be declared void and the deposit forfeited.	Crown Lands not exceeding 200,000 acres in the aggregate for the whole Colony may be sold by auction annually. Town and Suburban Lands are areas within the boundaries proclaimed Town and Suburban Boundaries. Areas outside these limits are treated as Country lands.
AUCTION SALES.—Deferred Payment system.				
Eastern, Central, Western.	Section 61 of the Act of 1884 & Balances Act of 1887, and Regulations 131 and 132.	Town Lots, $\frac{1}{4}$ -acre; Suburban Lots, 20 acres. Areas outside these boundaries, that have been or may hereafter be sub-divided into areas not exceeding 20 acres, pursuant to section 61 of the Act of 1884.	The Minister for Lands may make special terms of payment, but the minimum price for each class of land must not be less than that given above, and in every case a deposit of 25 per cent. must be paid at the time of sale.	Deferred payments bear interest at the rate of 5 per cent. per annum. The time fixed for the final payment must not in any case exceed five years from date of sale.
AFTER AUCTION SALES.				
Under section 56 of the Crown Lands Act of 1895 provision is made for the sale of Town and Suburban land, and land within Population Areas, which may have been offered for sale by auction and not sold. The price and terms of payment shall be the same as those attached to the last offer by auction. The granting of such applications is optional with the Minister.				
IMPROVEMENT PURCHASES.				
Eastern, Central, Western.	Act of 1884, section 46, and Regulations 136 to 138.	Inside Town Boundaries, $\frac{1}{4}$ -acre; Outside Town Boundaries, maximum 1 acre. Applications made prior to the Act of 1884 becoming law are dealt with under the Act of 1875, under which the maximum area available for purchase was 640 acres.	£2 per acre for Town Land, £2 10s. per acre for Suburban or other land, or £2 10s. for any area less than 1 acre. gold-field may, in consideration of improvements of a minimum value of £3 per acre for Town, and £2 10s. for Suburban and Country lands, purchase the land without competition, at the price to be fixed by the Local Land Board.	Persons who, by virtue of Miners' Rights or Business Licenses issued under the Mining Act, are in authorised occupation of, and reside on land within a proclaimed
SPECIAL PURCHASES.				
Eastern, Central, Western.	Act of 1884, sections 63 to 68, Regulations 139 to 145.	Not fixed	As regards sections 63 and 66 minimum upset auction prices of each class of land; for sections 64 and 67, no minimum.	Crown Lands to which no way of access is attainable, or which are insufficient in area for Conditional Purchase, or are situated between granted land and a street which forms, or should form, the
way of approach to such granted land, may be sold to the holder in fee simple of the adjacent lands upon the recommendation of the Minister or Land Board, without competition. Reservations of water frontage may be rescinded, and the land sold without competition to the owner of the adjoining land. Permission may be given to the owner of freehold land having water frontage to reclaim land below high-water mark, which land may then be sold to him without competition. Unnecessary roads may be sold without competition to the owners in fee simple of the adjoining land. In all of these cases the price is fixed by the Land Board.				
VOLUNTEER LAND ORDERS.				
Eastern, Central.	Act of 1884, section 22, Regulation 146.	50 acres	Any person who was enrolled as a Volunteer between January, 1868, and April, 1878, and underwent five years continuous training, was entitled to a free grant of 50 acres of Crown Lands open for Conditional Purchase. These Orders could be transferred by the holder.
DEDICATIONS FOR PUBLIC PURPOSES.				
Eastern, Central, Western.	Act of 1884, sections 104 to 108, "Lands for Public Purposes Acquisition Act" (44 Vic., No. 16).	The Governor may, by notice in the <i>Government Gazette</i> , dedicate Crown Lands for any public purpose set forth in section 104 of the Act of 1884, and the "Lands for Public Purposes Acquisition Act" (44 Vic., No. 16).		
DEDICATIONS FOR RELIGIOUS PURPOSES.				
Eastern, Central, Western.	By a resolution of the Legislative Assembly of 11th May, 1890, this form of dedication was discontinued. Those lands dedicated subsequent to that date were in pursuance of promises previously made.			
EXCHANGES.				
Eastern, Central, Western.	Act of 1899, section 46. Act of 1895, section 47.	Transactions under this head are chiefly confined to land, being exchanged for land without any monetary consideration.	The Governor may, after inquiry and report by the Land Board, accept from the holder the surrender of any land for which he holds or is entitled to demand a Grant, and may grant him in exchange an equal area of Crown Land. The Governor may, after similar inquiry and report, acquire by purchase or exchange land held under any tenure, which may be required for purposes of access or approach to any natural water, tank, dam, or any like purpose. The land exchanged must be of equal value.

No. 14.—Land Resumptions and Purchases, 1894–1903.

Land acquired by the State.—Land may be acquired by resumption, by purchase, by exchange, by surrender, and by gift. Resumptions are made under the "Public Works Act" and the "Lands for Public Purposes Acquisition Act." All resumptions, other than those made by the Minister of Public Instruction and the Commissioners for Railways, are dealt with by the Government Land Valuer.

No. 16.—Particulars relating to Conditional Purchases and Homestead Selections.

Land available for Conditional Purchase.—Lands held under the following forms of lease are not available for conditional purchase:—pastoral, homestead, conditional, scrub, snow-land, special, inferior, artesian well, residential, mineral, and auriferous; also, the area in the Western Division is not available for ordinary conditional purchase. The only lands that can be conditionally purchased are the unoccupied lands outside reservations and areas under occupation license and annual lease in the Eastern and Central Divisions, and lands under conditional lease, if not within reserves, may be applied for as conditional purchases by the holders thereof.

Divisions in which Land may be acquired.	Authority.	Limit of Area.	Price.	Remarks.
CONDITIONAL PURCHASES—Ordinary Residential.				
Eastern	Acts 1884 and 1889 and amending Acts passed subsequent to the Act of 1884, including Act of 1895.	Maximum area, 640 acres; minimum area, 40 acres. The maximum can, however, be increased to 1,280 acres by converting a conditional lease into an additional conditional purchase.	£1 per acre—2s. per acre deposit, payable on making the application, and after an interval of three years, during which period no payment is required and interest is not charged, the balance, together with interest at the rate of 4 per cent. per annum, is payable by annual instalments of 1s. per acre. The whole of the balance may be paid at selector's option, if he has obtained a certificate of conformity, after a continuous residence of five years from date of application in the case of selections made prior to the Act of 1895, or after ten years if subsequent thereto. The survey fee, according to prescribed scale, must be paid at the date of selection.	The holder of an ordinary residential conditional purchase is entitled to a conditional lease up to three times the area of his other conditional purchase, provided that the total area, including the portion leased, does not exceed 1,280 acres. Under section 29 of the Act of 1895 the term of residence in connection with a new conditional purchase or a new additional conditional purchase in virtue of a conditional purchase under the repealed Acts or even under the Act of 1884 is increased to ten years from the date of application. Exceptions as to residence are detailed in section 30 of the Act of 1895.
Central	do	Maximum area, 2,560 acres; minimum area, 40 acres.	do do	The same provisions regarding a conditional lease as in the Eastern Division, excepting that the total maximum area is 2,560 acres.
CONDITIONAL PURCHASES—Classified Areas.				
Eastern, Central	Act 1899	Maximum and minimum areas same as for ordinary residential conditional purchases.	At such prices as specified in the notification, whether below £1 per acre or not. One-tenth of purchase money is payable on application, and each of the annual instalments (the second and subsequent of which shall include interest at the rate of 4 per cent. per annum on the balance of purchase money) shall be 5 per cent. of the price of the land.	Similar to those relating to an ordinary residential conditional purchase.
CONDITIONAL PURCHASES—Ordinary Non-Residential.				
Eastern, Central	Acts 1884 and 1889 and amending Acts passed subsequent to the Act of 1884.	Maximum area, 320 acres; minimum area, 40 acres.	The price per acre, deposit, and all subsequent instalments are double those prescribed for ordinary residential conditional purchases. The survey fee is the same as that for ordinary residential conditional purchases.	A non-residential conditional purchase does not entitle the holder to a conditional lease, and debars him from selecting at any future time.
CONDITIONAL PURCHASES—Special Areas outside Population or Suburban boundaries.				
Eastern	Acts of 1884 and 1889.	The minimum and maximum areas are specified in each proclamation, but the maximum area cannot exceed 320 acres.	Thirty shillings per acre and upwards, the price being fixed by proclamation in the <i>Government Gazette</i> . One-tenth of the purchase money is payable on application, one-twentieth at the expiration of three years, and a similar amount each year subsequently until the balance of the purchase money, with interest at 4 per cent., has been paid.	This system was first introduced under the Act of 1884. The conditions to be fulfilled are similar to those of the ordinary conditional purchase. No conditional leases can be taken up in special areas, and no conditional lease of ordinary Crown Lands can be acquired by virtue of a conditional purchase within a special area.
Central	do	The minimum and maximum areas are specified in each proclamation, but the maximum area cannot exceed 640 acres.	do do	The same provisions as in the Eastern Division, with the exception that a conditional lease of ordinary land can be taken up by virtue of a conditional purchase within a special area.
CONDITIONAL PURCHASES—Special Areas within Population or Suburban boundaries.				
Eastern, Central	Act of 1899	Maximum and minimum areas are specified in the proclamations.	The conditions of payment are specified in the proclamations.	Conditions as to residence, fencing, and other improvements are specified in the proclamations. Any lands within population or suburban boundaries which have been proclaimed special areas are available for special area conditional purchase.

No. 16.—Particulars relating to Conditional Purchases and Homestead Selections—continued.

HOMESTEAD SELECTIONS.			
Division.	Authority.	Limit of Area.	Conditions.
Eastern, Central.	Act of 1895	Fixed according to capabilities of land for the maintenance of one family, but no selection must exceed 1,280 ac.	<p>The applicant may take possession immediately after lodging his application, but shall commence to reside on the selection within three months after the confirmation of the application, and thereafter continue for the first five years.</p> <p>The annual rent shall equal $1\frac{1}{2}$ per cent. of the capital value during the first five years. At the expiration of that period a grant is issued, transferring the land in perpetuity to the lessee, on the payment annually of a rent equal to $2\frac{1}{2}$ per cent. of the capital value. Provision is made for a revaluation of the selection by the Government every ten years.</p> <p>An applicant may appoint a deputy to fulfil the residential conditions during the five years prior to the issue of the grant, subject to the approval of the Local Land Board, but the applicant will be required to pay an annual rent equal to $3\frac{1}{2}$ per cent. on the capital value during the before-mentioned period and effect greater improvements, but on issue of grant his residence on the selection must be continuous for such period, not less than 7 months in each year, as may be determined by the Governor.</p>

Decisions of Supreme Court.—During 1902 the Land Appeal Court was asked to state special cases for the decision of the Supreme Court on six occasions. Of these cases, one was stated and sent on, one remains with the Land Appeal Court for settlement, and in the other four the Land Appeal Court declined to state a case. The case forwarded to the Supreme Court was dealt with by that Court, with the result that the Land Appeal Court reversed its former decision.

During the year 1903, the Land Appeal Court was asked to state special cases for the decision of the Supreme Court on four occasions. Of these, one was stated and sent on, and the questions submitted by the Land Appeal Court elicited answers from the Full Court which resulted in the decision of the former Court being confirmed; one was withdrawn; one remains with the Land Appeal Court for settlement; and in the other, the Land Appeal Court declined to state a case, as no questions of law were involved, and, in this instance, a mandamus to compel the Land Appeal Court to state a case was refused by the Full Court.

No. 32.—Particulars relating to Occupation.

Forms of Lease under Land Acts.—Prior to the 1884 Act the only forms of lease granted were Pastoral, Annual, Special, and Pre-emptive. Under the 1884 Act provision was made for each of these forms of lease to be continued except the pre-emptive, which was abolished. Under the same Act, Occupation Licenses, Conditional and Homestead Leases were established. The supplementary Act of 1889 provided for five additional forms of Lease, which were as follows, viz.:—Scrub, Snow Land, Artesian Well, Residential, and Inferior Land, and under the Act of 1895 two other forms of Lease were added, viz.:—Settlement Leases for Agriculture and Grazing and Improvement Leases.

Division in which Lease may be granted.	Currency of Lease under Crown Lands Acts of 1884, 1889, and 1895.	Limit of Area.	Remarks.
PASTORAL LEASES.			
Eastern, Central, Western.	<p>Eastern Division—Leases expired, 1890.</p> <p>Central Division—10 years currency from 1885; leases expired 1895, but in a proportion of cases extensions varying up to 5 years have been granted under the provisions of section 43, Act 1889.</p> <p>Western Division—15 years currency (1884 Act); 21 years currency from 1890 (1889 Act). In both cases the term has by the Act of 1895 been extended to 28 years. If the pastoral lease is brought under the provisions of the Western Lands Act of 1901, it expires on 30th June, 1943.</p>	No limit fixed ..	<p>Areas under pastoral lease are exempt from conditional or other sale or any form of lease.</p> <p>In the case of leases in the Central Division the Minister may, by virtue of section 3, Act of 1895, withdraw one-half the area held under lease so as to provide for settlement, and by way of compensation an extension of lease is granted for remainder.</p> <p>In the Western Division a similar provision exists, except that the area withdrawn must not exceed one-eighth, and the extension of the term must not exceed six years.</p> <p>Under the Western Lands Act of 1901, this form of lease ceased and the provisions only apply to existing leases.</p>
OCCUPATION LICENSES.			
ORDINARY.			
Eastern, Central, Western.	From January to December—Renewal is subject to payment of license fee. If the occupation license is brought under the provisions of the Western Lands Act, 1901, it expires on 30th June, 1943.	No limit fixed ..	Lands held under occupation license, unless reserved from sale, are available for conditional purchase or conditional lease in the Eastern and Central Divisions. In the Western Division, under the Western Lands Act of 1901, this form of license ceased and the provisions only apply to existing licenses.
PREFERENTIAL.			
Eastern, Central.	do do do	No limit fixed ..	<p>Under the 53rd section of the Lands Act of 1889, the holder of a pastoral lease in the Eastern Division, and under section 4 of the Act of 1895 the holder of a pastoral lease in the Central Division, has a preferential right to an occupation license over the area hitherto held by him under pastoral lease. This privilege has been extended by the Act of 1895 to cases where land is withdrawn for purposes of settlement from land held under pastoral lease in the Central or Western Division. Other conditions are similar to those of ordinary occupation license.</p>
HOMESTEAD LEASES.			
Western ..	Fifteen years currency from 1885 (1884 Act); 21 years currency from 1890 (1889 Act); 28 years by Act of 1895. If the homestead lease is brought under the provisions of the Western Lands Act, 1901, it expires on 30th June, 1943.	Maximum, 10,240 acres; minimum 2,560 acres. Under section 34, Act 1889, the minimum area can be reduced to 640 acres.	Under the Western Lands Act of 1901, this form of lease ceased and the provisions only apply to existing leases.
CONDITIONAL LEASES.			
GASSETTED.			
Eastern, Central.	Under 1884 Act, 15 years from confirmation; under 1889 Act, 15 years from date of application, extended in both cases to 28 years by Act of 1895.	Area cannot exceed three times the area of conditional purchase, and cannot be less than 40 acres. In the Eastern Division the total area conditionally purchased and conditionally leased must not exceed 1,920 acres, and in the Central Division 2,560 acres.	Lands in the Eastern and Central Divisions available for ordinary conditional purchase are open for conditional lease. A conditional lease, even of ordinary lands, cannot be taken in virtue of a special area conditional purchase in the Eastern Division. This limitation does not, however, apply to the Central Division. Land in the Western Division is not now available for conditional lease. The conditional leases existing in the Western Division are pre-emptive leases converted into conditional leases under the Act of 1884.
UNCONFIRMED (not Gasetted).			
Eastern, Central.	do do do	do do ..	Under the 1889 Act unconfirmed conditional leases are subject to a provisional rent of 2d. per acre.
ANNUAL LEASES.			
Eastern, Central, Western.	From January to December of each year.	Area cannot exceed 1,920 acres.	Lands held under annual lease are available for auction sale, conditional purchase, conditional lease, in the Eastern and Central Divisions, and snow land lease in the Eastern Division.

No. 32.—Particulars relating to Occupation—*continued*.

Division in which Lease may be granted.	Currency of Lease under Crown Lands Acts of 1884, 1899, and 1906.	Limit of Area.	Remarks.
SETTLEMENT LEASES FOR AGRICULTURE AND GRAZING (Under Land Act of 1896).			
Eastern, Central, Western.	Lease for 28 years, Act 1896. Area not more than 1,280 acres for agriculture, and not more than 10,240 acres for grazing and agriculture combined.		The land must, in the first instance, be set apart for this purpose. Lessee shall reside on farm, and make it his <i>bona fide</i> home. Last holder shall have tenant-right in improvements. In the Western Division, under the Western Lands Act of 1901, this form of lease ceased, and the provisions only apply to existing leases.
IMPROVEMENT LEASES (Under Land Act of 1896).			
Eastern, Central, Western.	Lease for 28 years and under, Act 1896. Improvement Leases within the Western Division brought under the provisions of the Western Lands Act of 1901 expire on 30th June, 1943.	Area not more than 20,480 acres.	Scrub and inferior land leases granted under the principal Act may be extended to a term not exceeding 28 years. Lessee shall have tenant-right in improvements. These leases may be sold by auction, or offered by tender. In the Western Division, under the Western Lands Act of 1901, this form of lease ceased, and the provisions only apply to existing leases.
SCRUB LEASES (Under Land Act of 1899).			
Eastern, Central, Western.	Twenty-one years and under, commencing from date of notification in <i>Government Gazette</i> . By sec. 28 of the Act of 1899, the period may be extended to 28 years. Scrub leases within the Western Division brought under the provisions of the Western Lands Act of 1901 expire on 30th June, 1943.	No limit fixed	Scrub leases may be obtained for lands already held under other forms of lease or license, the area under scrub lease, however, being withdrawn from other tenure. A pastoral or home-stead lease is not allowed to hold a scrub lease, except within the land held under lease by himself. Last holder may be granted tenant-right in improvements. In the Western Division, under the Western Lands Act of 1901, this form of lease ceased, and the provisions only apply to existing leases.
SNOW LAND LEASES (Under Land Act of 1899).			
Limited by climatic conditions	Seven years (with possible extension of three years), commencing from date of notification in <i>Gazette</i> .	Maximum, 10,240 acres; minimum, 1,280 acres.	Lands held under pastoral or conditional leases are exempt, but areas under occupation license or annual lease are open to this form of lease.
SPECIAL LEASES (Under Land Act of 1899).			
Eastern, Central, Western.	Twenty-eight years and under, commencing from date of notification in <i>Government Gazette</i> .	Not to exceed 320 acres	These leases are granted for lands used for industrial and commercial purposes; chiefly, however, for the former. In the Western Division, under the Western Lands Act of 1901, this form of lease ceased, and the provisions only apply to existing leases.
INFERIOR LAND LEASES (Under Land Act of 1899).			
Eastern, Central, Western.	Twenty years and under, commencing from day of sale or notification of acceptance of tender. The time of currency may be extended to 28 years under the Act of 1899. Inferior Lands Leases within the Western Division brought under the provisions of the Western Lands Act of 1901 expire on 30th June, 1943.	No limit fixed	Vacant lands of an inferior nature, or in isolated positions, in any Division are available. Last holder may be granted tenant-right in improvements. In the Western Division, under the Western Lands Act of 1901, this form of lease ceased, and the provisions only apply to existing leases.
ARTESIAN WELL LEASES (Under Land Act of 1899).			
Western ..	Subject to circumstances.	Not to exceed 10,240 acres. Only one area may be leased out of each 64,000 acres under occupation license, and not more than 3 areas out of the same occupation license.	Under the Western Lands Act of 1901 this form of lease ceased, and the provisions only apply to existing leases.
LEASES OF CROWN LANDS IN WESTERN DIVISION (Under Western Lands Act, 1901).			
Western ..	Until 30th June, 1943 ..	Area and rent determined by Minister on recommendation of Commissioners.	Application, accompanied by deposit of 20 per cent. on first year's rent, to be made to Commissioners, who shall, in the event of there being more than one for the same land, recommend a lease to such applicant as they consider most entitled to it.
RESIDENTIAL LEASES ON GOLD AND MINERAL FIELDS (Under Land Acts of 1889 and 1896).			
Eastern, Central, Western.	Fifteen years and under, commencing from date of notification in <i>Government Gazette</i> . The original area of the Church and School estate was 443,486 acres, of which 151,182 acres have been alienated in fee leaving a balance of 271,740 acres brought under the operation of the Act for leasing purposes. Recent surveys indicate, however, that the area within the boundaries of the several estates as computed, not surveyed, is 282,324 acres, and after making allowance for 60,911 acres converted into holdings under the Crown Lands Acts, an area of 160,358 acres is shown to be not held under lease on the 31st December, 1903.

No. 42.—Court of Claims.

Prior to 1831 all grants of public land were made upon the sole authority of the Governor. After that date all public lands were directed to be sold. The so-called "grants" issued prior to 1831 were only promises of grants, giving authority to take possession of the land, but not conferring any title in law. In 1833 an Act was passed (4 Wm. IV No. 9) appointing and empowering three or more Commissioners to hear and determine claims to grants of land. This Act was limited to two years' operation, but in 1835 was made perpetual by Act 5 Wm. IV No. 21, which has been repealed and superseded by Act 17 of 1898. One deed was issued during 1903; no claims were dealt with by the Court during that year, but in one claim which was dealt with in the previous year, the report of the Commissioners was forwarded to the Under Secretary for Lands with a view to issue of deed of grant.

* This total of 120,838,314 acres is that obtained from the returns of occupiers of land. According to the Lands Department, the total area of Crown Lands leased (excluding mining leases) on 31st December, 1903, was about 127,774,287 acres. The latter figures are, however, in excess of the actual area leased—probably by about 3 million acres—owing to the fact that portions of land held under one form of lease, and in respect to which application has been made for transfer to another form, appear under both forms pending consideration of the application. This allowance reduces the area actually under lease, to 124,774,287 acres, and the difference of 3,935,973 acres represents holdings abandoned or for which no returns could be obtained.

NOTE.—Large holdings extending into more than one county are returned in the county where the homestead is situated.

No. 55.—Area of Crown Lands Enclosed and Unenclosed in the Counties of each Division, Year ending 31st March, 1904.

NOTE.—The females engaged in agriculture according to the foregoing table number 5,948, and in dairying 12,331. The great majority of these (probably 4,000 in agriculture and 9,500 in dairying) were only partly employed the rest of time being devoted to domestic duties. The census of 1901 shows 1,735 women engaged in agriculture and 2,285 in dairying.

Private Bores.—These bores are situated on private holdings and have been made at the sole cost of the owners. Information in the foregoing table has been obtained from the various owners and boring contractors, and not from measurement of the flows; it can therefore be only accepted as approximate.

Water Rights Act and Irrigation Trusts.—The Water Rights Act of 1902 vests all large natural supplies of water in the Crown, and establishes a system of licenses for works of water conservation, irrigation, and drainage. Prior to the passing of the Act such works on creeks and rivers, constructed by private individuals, were liable to be destroyed by any person who considered their existence opposed to his interests. It is now illegal to interfere with any work for which a license has been granted. The security provided under the Act is stimulating the construction of irrigation works of a better type throughout the State, and up to the end of July, 1904, 1,234 applications for licenses have been received. Irrigation trusts have been founded at Balranald, Hay, and Wentworth, and at the latter place pumping machinery has been installed capable of supplying water to irrigate 1,500 acres.

No. 88.—Amount of Prospecting Vote, and how allotted, 1887-1904.

Prospecting Vote.—First Year.—The sum of £7,000 was voted for prospecting for gold in 1878, and in subsequent years further small sums were at irregular intervals voted and expended. In accordance with a resolution of Parliament, a regular amount has been voted each year since 1887, during which year it was confined to searching for gold. In the succeeding year the conditions were amended so as to embrace all minerals.

PART V.—MANUFACTORIES AND WORKS.

Commencing with the year 1896 the statistical returns have been compiled on a new basis, in order to secure uniformity with Victoria. Formerly an establishment where no machinery is used was included in the returns if at least five hands were employed therein; but on the present basis the minimum number of hands accepted in such factories is four. Also milliners, dressmakers, and tailors, formerly not enumerated, as well as home workers regularly employed in connection with factories are now included in the general total.

Boroughs and Municipal Districts—Municipalities Act.—Under the provisions of Act 31 Vic. No. Municipalities are divided into two classes, Boroughs and Municipal Districts, although the name of "Municipality" is common to both institutions. A borough shall, upon its first incorporation, contain an area of not more than 9 square miles with a population of not less than 1,000; a municipal district must not exceed 50 square miles, and shall contain a population of at least 500. The boundaries of each class of division must not overlap.

Sydney.—The City of Sydney is classed as a Municipality, but is incorporated under a Special Act.

Aborigines.—In 1871 and 1881 the wandering tribes were passed over, and only those who were civilised or in contact with Europeans were enumerated. It is probable that the total numbers for these years were, approximately—in 1871 12'000; and in 1881, 10,000.

Aborigines.—The Aborigines are not included for the years 1891 and 1901; but for 1871 and 1881, while the wandering Aborigines were passed over, those who were civilized or in communication with Europeans were enumerated, so that the totals for 1871 and 1881 include 983 and 1,643 Aborigines respectively. In the above table also those unspecified as to conjugal condition have been distributed by proportion amongst the other numbers.

* The number of persons shown in this Table as ministering to General Government does not represent the total number of persons employed by the Government. The principle of the classification is to include Government officers performing special duties in the groups to which they are most nearly related. Thus, the Railway, and Post and Telegraph officers are both classified with those engaged in Transport and Communication; Government Printing Office employees are classified with others working in Books and Publications; and similarly, Government officers employed in connection with such services as Charity, Education, Agriculture, and Mining, also Civil Engineers, Surveyors, Architects, Draftsmen, and Artisans in the Government workshops, and all others, are classified with the group to which they belong.

* The number of women engaged in Agricultural and Dairying pursuits varies with the time of the year. Besides the 1,735 women, shown in this Table as employed in Agriculture at the Census of 1901, there were some 2,500 others employed, partly in connection with Agriculture and partly in domestic duties. The majority of these were relatives of the farmers, and appear in the classification as engaged in domestic duties, and therefore as dependents. Similarly, some 10,000 women who were engaged, partly in dairying and partly in domestic duties, are classified as performing domestic duties. If the women, partly employed in Agriculture and Dairying, be included with those mainly so employed, the total women engaged in Agriculture would be 4,267, and in Dairying, 12,156.

Naturalisation.—All matters relating to naturalisation have, since the 1st January, 1904, been under the control of the Government of the Commonwealth. The "Naturalisation Act, 1903" empowers the Governor-General to grant certificates to persons other than aboriginal natives of Asia, Africa, or the Islands of the Pacific, excepting New Zealand, who intend to settle in the Commonwealth, and have resided in Australia continuously for two years immediately preceding the application, or to those who have obtained in the United Kingdom certificates or letters of naturalisation.

A person to whom a certificate has been granted shall, in the Commonwealth, be entitled to all political and other rights, powers, and privileges, and be subject to all obligations to which a natural born British subject is entitled or subject in the Commonwealth. Persons who obtained certificates or letters of naturalisation from a State of the Commonwealth before the passing of the Act of 1903 are deemed to be naturalised within the Commonwealth.

Divorce.—Under Act 55 Vic., No. 37, assented to 9th May, 1892, and 56 Vic., No. 36 (13th June, 1893), the grounds on which Divorce may be granted have been largely extended. This explanation accounts for the large increase in the number of marriages dissolved in 1893 and each subsequent year. For full particulars of Divorce, See Part "Law and Crime," and statistics in reference to Divorced persons published in the Statistician's Report on Vital Statistics.

Re-marriages.—The number of those persons who were divorced in New South Wales, and again married in the State cannot be separated in the above table, which shows the Re-marriages of persons who had been divorced either in New South Wales or elsewhere.

* The figures in this column represent distinct children who have attended a State school the whole or some portion of the year, children who may have received instruction at more than one State school during the year being only counted once.

† The mean enrolment of distinct scholars and the average daily attendance being determined for each quarter of the year, an average of the four quarters is taken, and the result is set down in this table.

Primary Schools.—Under the Public Instruction Act (43 Vic. No. 23), which came into force on 1st May, 1880, it is provided that the instruction imparted at Public Schools shall be absolutely unsectarian. "Secular instruction" is defined by the Act as including "general religious teaching as distinguished from dogmatical or polemical theology."

Compulsory Attendance.—The Act makes it obligatory upon the parents or guardians of all children between the ages of 6 and 14 years (unless just cause of exemption can be shown), to cause such children to attend school for a period of not less than 70 days in each half-year. The minimum age for admission of pupils has been fixed at 5 years.

Causes of Exemption.—The causes of exemption defined by the Act are:—That the child is being regularly and efficiently instructed in some other manner; that from sickness or infirmity or from fear of infection or other unavoidable cause there is inability to attend; that there is no State School within 2 miles by the nearest road, or that the child has already been educated up to the standard of education required. Under this last clause, examinations for exemption certificates are held at the annual inspection of the schools.

Training Schools for Teachers.—There are two Training Schools, Fort-street for males, and Hurlstone for females, the total enrolment for 1903 being 32 and 42 respectively. Persons who have completed their course as pupil-teachers are alone eligible for admission. Students who creditably pass examination for a classification of II A, are granted, on their passing the matriculation examination, scholarships at the University for twelve months, which may be conditionally renewed for the second year. The students are also given practical work under supervision in the Practising Schools and Kindergarten Department of the Model Public School, Fort-street. On completion of the course of training each student undergoes examination for a Classification Certificate.

Matriculated Students.—The total number of scholars and bursars who passed the Matriculation examination includes 29 who qualified at the Junior, and 8 at the Senior examination.

Scholarships.—In the High Schools, 50 scholarships are open for competition annually, viz., 30 in the Sydney schools, and 20 in the Maitland schools. A scholarship is tenable for 3 years, and entitles a scholar to a free grant of text-books and free education in a High School. In a few exceptional cases, scholarships have been made tenable in Superior Public Schools.

Bursaries.—Bursaries are available for admission to the Superior Schools, High Schools, or Sydney Grammar School. In the metropolitan and sub-metropolitan districts, 20 bursaries are open to competition, and in the country districts 12 bursaries, winners of which are eligible for free education at the Superior Schools, High Schools, or Grammar School of Sydney. For the Maitland Boys' High School 6 bursaries, and for the Maitland Girls' High School 6 bursaries are available. A bursary is tenable for 3 years, and entitles a scholar to a free grant of text-books and free education in the abovenamed Schools. When a bursar is compelled to board away from home, an allowance not exceeding £30 per annum is made. Bursars who live at home receive an allowance not exceeding £10 per annum.

Examinations.—Half-yearly examinations for scholarships and bursaries are held during June and December.

University Bursaries.—Twelve bursaries, 6 to boys and 6 to girls, tenable for 3 years at the Sydney University, are open to competition according to the position of candidates at the annual matriculation examination. Competitors must be under 18 years of age, and must have attended a State High School, a Public School, or as State Bursars the Sydney Grammar School, for the year preceding the examination. Bursars are entitled to a free grant of text-books and free education, together with an allowance not exceeding £20 per annum to those who need not board away from home, and not exceeding £50 per annum to those who must necessarily do so.

Schools and Departments.—The number of schools and departments in operation during 1903 was 2,862 and 3,084 respectively. Of these there were 2,797 schools and 3,010 departments open on the 31st December, 1903. With few exceptions all Schools below Class IV are "Mixed" Schools, the boys, girls, and infants not being separated into different departments.

Superior Public Schools.—To entitle a Public School to be designated a "Superior" Public School, at least 20 pupils must be eligible to join a fifth class. At the end of 1903 there were 129 Public Schools of Classes I to V, comprising 303 departments, classed as "Superior" Public Schools. In these schools instruction is given to the fifth class in Latin, French, and other subjects prescribed for the Senior and Junior University Examinations.

Kindergarten Schools.—There are three State Kindergarten Schools, the enrolment at which, in 1903, was 496 boys, 450 girls; total, 946. The average attendance was 207 boys, 216 girls; total, 543.

Subsidised Schools.—During the year 1903 there were forty-nine private schools subsidised by the State. The enrolment at these schools was 454, and the average attendance 356.

Law Matriculation.—Persons desirous of entering into articles of clerkship with Attorneys, and who have not taken a University Degree, or passed the preliminary examination required in England, Scotland, and Ireland, are required to pass a preliminary examination (law matriculation), which is similar and equal to that prescribed for ordinary matriculation. Clerks, after having entered into articles, are also required to pass two intermediate examinations in History and Law respectively. These examinations are conducted by a Board appointed by the Supreme Court.

The first examination for junior clerks was held on 27th January, 1897. Candidates must be not less than 16 nor more than 21 years of age on the first day fixed for the examination, and must have resided in the State at least three years at date of application. Candidates must forward to the Board within a prescribed time an application in their own handwriting, containing their full names, ages, and addresses, and on passing the examination a properly certified extract from some official register of births, or other satisfactory evidence as to age. They must in their application name two responsible persons to whom reference can be made as to character. Candidates other than those permanently employed in the Public Service will be required to pay a fee of 10s. into the Treasury before they are allowed to sit for examination. Candidates are examined in the following subjects:—(1) Handwriting; (2) English (Dictation); (3) English (Composition); (4) Arithmetic; (5) Geometry; (6) Geography; (7) English History; but are allowed to take two of the following optional subjects:—(a) Mathematics; (b) English (a prescribed author, the same as that prescribed for the Junior Examination of the current year); (c) Latin; (d) French; (e) German; (f) Elementary Inorganic Chemistry; (g) Elementary Geology; (h) Elementary Physics. No candidate for admission to the Clerical Division is considered qualified for appointment unless awarded a total of at least 1,760 marks in the examination out of a possible 2,850 marks.

The number of vacancies to be filled during the year is advertised. Up to the 1st January, 1904, of the 605 candidates (including 11 girls) who passed the examinations, 557 (including 7 girls) have been appointed to the Service, and 8 failed to pass the necessary medical examination. After admission to the Public Service, successful candidates are on probation only and such probationary position is for a period of not less than twelve months.

Incorporation and Endowment.—The University of Sydney was incorporated in 1850, and endowed with an annual income of £5,000. It is empowered to confer, after examination, degrees in arts, law, and medicine. Graduates of Sydney University rank equally with graduates of British Universities.

Under the Act of 1884 degrees in all branches of knowledge except theology and divinity are granted, and all University privileges are extended to women.

Senate.—The government of the University is vested in a Senate, consisting of 16 elected and not more than 6 *ex officio* members, being Professors of the University. The Senate elects from its members a Chancellor, who holds office for three years, and a Vice-Chancellor, who is elected annually.

Faculties.—There are four Faculties: Arts, Law, Medicine, and Science. A Dean is appointed by the Senate to each Faculty from time to time for a term not exceeding two years. There are also a Department of Engineering and a School of Dentistry.

Degrees.—The curriculum of study for the B.A. degree is three years, and the M.A. degree cannot be obtained till two years after the former has been conferred. The curriculum of study for the LL.B. degree is five years, of which the first two are in the Faculty of Arts. The course of study for the degrees of M.B. and Ch.M. is five years. The course of study for the B.Sc. degree extends over a period of three years. The degrees of B.E. and M.E. are also given in the three branches of Engineering, viz., (a) Civil, (b) Mining and Metallurgy, and (c) Mechanical and Electrical Engineering. Candidates for degrees in (a) and (b) receive instruction for a period of three years, and those for degrees in (c) for four years.

Ad Eundem Degrees.—Act 44 Vic. No. 22 empowers the Senate to confer *ad eundem gradum* degrees on graduates of other recognised Universities.

N.S.W. Medical Degrees.—As notified in the *Government Gazette* of 6th June, 1890, the second part of the British Medical Act of 1886 is made to apply to New South Wales. Holders of the degrees of M.D., M.B., and Ch.M., conferred by the Sydney University, are consequently recognised and may be registered in the United Kingdom in the same way as holders of similar degrees, conferred by a British University, are registered in New South Wales.

Faculty of Medicine—Hospitals.—Prince Alfred Hospital was constituted a General Hospital and Medical School for the instruction of students attending the Sydney University. The Chancellor of the University and the Dean of the Faculty of Medicine are Directors *ex officio*. Other Hospitals recognised by the University as places where study may be carried on in connection with the Faculty of Medicine are Sydney Hospital, St. Vincent's, the Benevolent Asylum, Hospital for Sick Children, the Gladesville and Callan Park Hospitals for the Insane, and the Women's Hospital.

University Extension Lectures.—Each course consists of six or ten lectures, and concludes with an examination of those who have attended the lectures. Certificates are awarded to the successful students. A few short courses of three lectures are given, with no concluding examination. In the year 1903 a course of twelve lectures was delivered in Sydney upon educational subjects, each lecture being delivered by an expert in his subject. A similar course of six lectures was delivered in Newcastle. A course of ten lectures on Commercial Law, organised in conjunction with the Chamber of Commerce, was delivered in Sydney.

* Includes £1,250 received on account of the following year.

Finance.—The supervision of the financial affairs of the University is, subject to the direction and control of the Senate, entrusted to a Finance Committee consisting of the Chancellor, Vice-Chancellor, and four elected Fellows.

"Challis" Fund.—In 1880 the late Mr. J. H. Challis bequeathed his whole estate to the University, which, under the terms of the will, was transferred to that institution in September, 1889. The assets in Australia and England amounted to £38,224. The Senate has decided that the Fund shall be applied as permanent provision of income for educational uses. Through the agency of the Fund seven "Challis" Professorships and four "Challis" Lectureships have been established.

Other Foundations.—There are also the "Hovell" Lectureship, £8,000; the "Wentworth" Travelling Fellowship, now amounting to £2,384; and the Curatorship of the "Macleay" Museum, £6,000. In 1896 the University received a donation of £50,000 from Mr. P. N. Russell, to endow the Department of Engineering.

University Museums.—The "Nicholson" Museum of Antiquities, the "Macleay" Museum of Natural History, and the Museum of Normal and Morbid Anatomy, attached to the University, are accessible to the public under certain regulations.

Scholarships and Exhibitions.—These have been founded chiefly by private benefactors as rewards for proficiency, and for the purpose of placing the advantages of a University education within the reach of students who might, through the want of financial means, be excluded from participation in them. They are awarded only when candidates exhibit a degree of proficiency satisfactory to the Examiners. No undergraduate may hold more than two scholarships at one time.

These amounted in December, 1901, to £1,097. When the sum of £1,500 shall have been reached, No. 3 Bursary, with a capital fund of £1,000, will become operative, and the balance of £590 will accumulate to form No. 4.
1881	Walker (1)		
1886	William Charles Wentworth, No. 3		

Bursaries.—Bursaries are only conferred when satisfactory proof is produced that the means of the candidate, or of his parents or guardians, are insufficient to enable him to attend the University without such assistance. There are fourteen at the disposal of the University. These have all been created (on the initiation of the late Dr. Badham, when Professor of Classics) by private foundations, at a cost of £1,000 each, together with a margin in some cases to ensure prescribed annual awards amounting to £50. They are helped, on the part of the Senate, by an accompanying exemption from all lecture fees and the fee for matriculation. Women are eligible for not more than one half of the five bursaries, founded in 1831, by the late Mr. Thomas Walker, of Yarralla, Concord.

Public School—University Bursaries.—Ten other bursaries have been created by the Government in connection with the Public School system, but the University is not concerned in their award, although the Senate has conceded to the holders a similar exemption from fees. For information relating to these Bursaries, see note to Table No. 16.

Establishment of Technical Education.—Classes for Technical Education were first established at the Sydney Mechanics' School of Arts in 1865. The Working Men's College was started in 1878. In 1878 a sum of £2,000 was granted by Parliament for the organisation of the Technical College, and for five years the classes were carried on at the institution named. In 1883 a Board was appointed by Government to take over the management, but towards the end of 1889 the Board was dissolved, and the Technical Colleges were placed under the control of the Minister of Public Instruction. In 1892 the Technical College at Ultimo was opened to students.

Establishment of Technical Education.—Classes for Technical Education were first established at the Sydney Mechanics' School of Arts in 1865. The Working Men's College was started in 1873. In 1878 a sum of £2,000 was granted by Parliament for the organisation of the Technical College, and for five years the classes were carried on at the institution named. In 1883 a Board was appointed by Government to take over the management, but towards the end of 1889 the Board was dissolved, and the Technical Colleges were placed under the control of the Minister of Public Instruction. In 1892 the Technical College at Ultimo was opened to students.

Technical Education in State Schools.—Workshops are established at Fort-street Model School and other large schools in the metropolis and country. The pupils are taught the use of tools by instructors connected with the Technical College and branches. The course consists of carpentry, joinery, and other selected handicrafts. Examinations are held annually, and certificates issued to successful candidates.

Enrolment.—The total number of pupils enrolled during 1903 was 10,561, but a number of students have joined more than one class; the number of individual students was 13,232, with an average weekly attendance of 8,671.

Classes.—The total number of classes shown above was the number in existence at each locality, and not the number of distinct subjects taught.

Technological Museum.—This museum, situated in Harris-street, Ultimo, was established in 1879, and was first administered by a committee of management appointed by the trustees of the Australian Museum. It was taken over by the Department of Public Instruction on 1st January, 1890, and made an integral part of the Technical Education Branch. Special endeavours are being made to collect the raw products and samples, illustrative of the industries and manufactures of Australia; and the museum contains a large number of native mineral and vegetable products, and a comprehensive series of specimens of wool. Over 89,000 exhibits in all have been acquired, by purchase, gift, loan, and exchange.

The Technological Museum and Branches are open to the public free of charge.

Australian Museum.—The Australian Museum was founded in 1836. It was originally connected with the Botanical Gardens, and was located in a room in Macquarie-street, Sydney, but was afterwards removed to the Surveyor-General's Office, and again, in 1849, to its present site. Its affairs were managed by a committee until 1853, when the Museum was incorporated by Act of Parliament. The Act provides for twelve official Trustees, one Crown Trustee, nominated by the Governor, and twelve elective Trustees. Provision was also made for a State endowment of £1,000 per annum, which is supplemented by annual Parliamentary appropriations as required. It is essentially a Museum of Natural History.

The Museum is open to the public free of charge.

NOTE.—The Library is open to the public free, and books may be borrowed without charge.

The Public Library of New South Wales.—The "Free Public Library" was established on the 1st October, 1889, when the buildings and books of the "Australian Subscription Library," founded in 1828, were purchased by the Government. During the years 1886-7 considerable additions were made to the premises, a large portion being entirely rebuilt. The new buildings were opened in April, 1890. In 1877 the operations of the Library were extended by a Lending Branch being attached. Under certain simple regulations books may be borrowed by individuals, country Libraries, Mechanics' Institutes, and groups of Students in Country Districts, free of charge. During 1903 the Library took control of the "Lighthouse Library," and now lends boxes of books to lighthouses of New South Wales. The Newspaper Room, formerly attached to the Reference Library, was, in February, 1894, transferred to the Lending Branch. During 1895 the name "Free Public Library" was changed to "The Public Library of New South Wales." During 1899, Mr. D. S. Mitchell, M.A., made a first donation of 10,024 volumes, with 60 valuable pictures, and intimated his intention of bequeathing the whole of his unrivalled Australian collection to the Public Library, together with an adequate endowment. This collection is to be kept separate and known as the "Mitchell" Library. The Lending Branch and Newspaper Room were removed in June, 1899, to improved quarters in the Queen Victoria Market Buildings, and the Lending Branch was closed on Sundays. In December, 1899, the Library was incorporated, and received a statutory endowment of £2,000 per annum for the purchase of books.

No. 62.—The Observatory: Return for the Year 1903.

The Sydney Observatory was established in the year 1856. It stands 146 feet above sea level. Latitude, $33^{\circ} 51' 41''$ south; longitude, $151^{\circ} 12' 42'' 15''$ east.

Astronomical Work.—The observations taken comprised 1,505 zone stars, 866 clock stars, 273 azimuth stars, and 443 determinations of Collimation and azimuths. All computations for these are in a forward condition. At the Red Hill Observatory, the photographic plates taken include 133 chart plates and 20 test plates. The measurement of star plates, jointly undertaken by New South Wales and Victoria, has been carried on during the year. The daily time-ball service at Sydney and Newcastle has been maintained.

Meteorology.—Weather charts and forecasts have been issued twice a day; 18,000 weather charts and 5,000 rain charts have been published and distributed.

The copies of publications that have been issued number 2,867. The Library received by way of exchange 1,130 books and pamphlets.

The Observatory was visited by 792 persons during the afternoons on which it was open to the public.

Whipping.—Under the Crimes Act (No. 40, 1900) provision has been made for whipping as an additional punishment, chiefly for offences classed as wanton and unprovoked assaults and indecent exposure. The punishment, however, consist of two or more Justices, one of whom shall be a Police or Stipendiary Magistrate. In the Metropolitan District the cases are decided before two Stipendiary Magistrates.

* Includes one in which the conviction was subsequently quashed.

† Includes one person found not guilty on the ground of insanity, but detained during Governor's pleasure.

Higher Courts.—*Central Criminal and Circuit Courts.*—Judges of the Supreme Court preside over the Central Criminal and the fifteen Circuit Courts. *The Courts of Quarter Sessions* are presided over by Chairmen, who are also Judges of the District Courts. There are seven Chairmen, two of whom preside over the Metropolitan District, and one over each of the five remaining districts. Accused persons in each jurisdiction are tried by a jury of twelve.

Jurisdiction.—The Central Criminal and Circuit Courts, and Courts of Quarter Sessions, have co-ordinate jurisdiction excepting as regards capital charges, which cannot be dealt with by Courts of Quarter Sessions.

Garnishee Cases.—The Court may, upon the *ex parte* application of any creditor obtaining a judgment, order that all debts due by a third person (the garnishee) to the defendant shall be attached to meet the judgment debt, and may, by a subsequent order, direct the garnishee to pay as much of the amount owing by him as will be sufficient to satisfy the judgment debt.

Interpleader Cases.—When a claim is made to goods held under a writ of execution by a person not party to the suit the Court may, upon application to the bailiff, decide the claim.

New Trial Applications.—When a judgment has been given against the defendant in his absence, the Court may set it aside and grant a new trial.

Examination of Judgment Debtors.—The Court may, on the application of a judgment creditor, order the judgment debtor to be orally examined as to whether any and what debts are owing to him.

Appeals and New Trial Motions.—During the year ended 1st March, 1904, there were 10 appeals from the judgments of these Courts, in 5 of which the judgment was affirmed, while in 3 it was reversed, and 2 remained undecided. There were also 6 motions for new trials, of which 3 were granted. The right of appeal can only be exercised in causes in which the amount claimed exceeds £10, and must be made either on points of law or in respect to the admission or rejection of evidence.

Causes tried by Jury.—Of the 1,277 causes tried during the year 1903-4, only 46 were tried by Jury. When the amount in dispute exceeds £30 either of the parties may, by giving notice to the Registrar of the Court, have a Jury summoned.

* Writs issued.—The number of writs issued includes those for claims subsequently settled by the parties.

† Judgments signed.—The amounts for judgments signed include taxed costs in all cases where the judgments have been completed at the end of the year, and relate to undefended and tried cases only.

Judges of Supreme Court.—There are seven Judges attached to the Supreme Court—the Chief Justice, and the six Puisne Judges. The Chief Justice and four Puisne Judges devote attention chiefly to Common Law and criminal cases, another Judge to Equity, another to Bankruptcy and Probate, and another Puisne Judge is Judge of the Divorce Court.

Terms.—There are four Terms during each year, the dates of which are fixed by the Judges, as are also the days the Court sittings commence, the duration of Vacations, and the dates for holding Circuits.

Vice-Admiralty Court.—The Chief Justice was appointed Judge Commissary of the Vice-Admiralty Court by the Admiralty, and one of the Puisne Judges acts as Deputy. The Supreme Court has no jurisdiction in this Court.

Master in Equity.—The office of Master in Equity in New South Wales combines the duties of "Accountant General," "Registrar," "Head of the Records and Writ Office," and of "Taxing Officer," as well as those performed in England by the Judges in Chambers through their Chief Clerks.

Funds held in Trust by Master in Equity.—The Trust moneys received by the Master in Equity are invested in various ways; the bulk of the funds, however, is placed to the Government Account, and either invested in securities or used in the "General Banking Account" in the Bank of New South Wales.

Interest earned by Trust Funds.—Cash and Treasury Bills bear interest at the rate of 3 per cent. per annum; Debentures, 3 to 5 per cent.; Fixed Deposits, 3 to 4 per cent.; mortgages, 4½ to 6 per cent.; and Funded Stock, 4 per cent.

Probate and Administration.—By the Wills, Probate and Administration Act of 1898, the jurisdiction previously vested in the Primary Judge in Equity is transferred to the Supreme Court in its Probate Jurisdiction, and such Judge as might be appointed Probate Judge. The duties performed by the Prothonotary and Ecclesiastical Clerk are now performed by the Registrar of Probates.

Gross and Net Value of Estates.—The figures from the Probate Court and Stamp Duties Department (see Part "Public Finance") relating to transactions in the estates of deceased persons do not agree. The Court gives the gross value of the estates, and includes those estates which, after investigation, are found not to be subject to duty. The number of petitions is also swollen by probates on some estates being taken out a second time. The amount given by the Stamp Duties Department represents the net value of the estates.

Estates of the Value of £1,000—How dealt with.—Prior to the passing of the Probate Act all applications for probate and letters of administration (except where the gross amount of the estate did not exceed £100) were made in open Court, and also applications to pass accounts of executors or administrators. Under the present Act the Registrar grants probate and letters of administration where the estate does not exceed £1,000 in value, it being only necessary to apply in open Court in cases beyond that amount. It is now also only necessary to apply in Court for the allowance of executors and administrators' accounts where commission is applied for, or in case of appeal from the decision of the Registrar.

Small Estates—Value £300 and under.—In pursuance of the provisions of the "Wills, Probate and Administration Act of 1898," probate and letters of administration may be granted by the Registrar without the intervention of a solicitor in estates sworn not to exceed £300.

Unclaimed Monies paid into Consolidated Revenue.—After paying all proved and allowed claims, balances in the hands of the Curator are paid into the Treasury to the Colonial Treasurer's "Curator of Intestate Estates Account." Monies not claimed within six years are paid into the Consolidated Revenue Fund, and used for the public service of the State. A rightful claimant may afterwards, however, obtain payment thereof, but without interest from the date of payment to the Treasury.

Grounds for which Divorces were granted, see Table 86.

First year of Divorce Act.—Prior to the passing of the Matrimonial Causes Act of 1873 the Supreme Court of N.S.W. had no jurisdiction in divorce. The existing Act was assented to on the 9th May, 1892, but did not come into force, owing to an informality, till the 6th August. During 1893 an amending Act was attached.

Jurisdiction.—In addition to granting Decrees for Dissolution of Marriage, for Judicial Separation, for Nullity of Marriage, for Restitution of Conjugal Rights, and for Jactitation of Marriage (no petitions for which have as yet been filed in this State), the Court also deals with questions of alimony, custody, maintenance, and education of children, damages against an adulterer, and settlements of property.

A suit *in forma pauperis* cannot be proceeded with without a Judge's order, and to obtain such it is necessary to produce the certificate of the Registrar and an affidavit of the party applying as to means of living, and, where a suit is by a wife, the means of her husband, and that he or she (after the payment of just debts) is not in possession of property worth £25, except wearing apparel and household furniture.

Decrees Nisi.—After a Decree Nisi has been granted, it can be made absolute at any time subsequent to the date fixed by the Court for that purpose. Neither party can re-marry until after fourteen days from the date of the Decree Nisi having been made absolute.

Grounds for Divorce.—The chief grounds for divorce under the old Act were adultery since marriage, on the part of the wife, and adultery and cruelty on the part of the husband. In addition to the foregoing causes, petitions for divorce can now be granted on any of the following grounds:—

Husband v. Wife.—Desertion for not less than three years; or by refusing to obey an order for restitution of conjugal rights; habitual drunkenness and neglect of domestic duties for a similar period; being imprisoned for three years and upwards, and still in prison, under a commuted sentence for a capital crime, or under sentence to penal servitude for seven years and upwards; attempt to murder or inflict grievous bodily harm, or repeated assaults and cruel beatings during one year previous to presentation of Petition.

Wife v. Husband.—Adultery, provided that at the time of the institution of the suit the husband is domiciled in New South Wales; desertion for not less than three years; or by refusing to obey an order for restitution of conjugal rights; habitual drunkenness for the same period, together with cruelty or neglect to support; being imprisoned for three years and upwards, and still in prison, under a commuted sentence for a capital crime, or under sentence to penal servitude for seven years and upwards, or having within five years undergone sentences amounting in all to not less than three years; attempt to murder or inflict grievous bodily harm, or repeated assaults and cruel beatings during one year previous to presentation of Petition.

Period of Domicile.—To entitle either party to seek relief on any one of these grounds he or she must have been domiciled in the State at the time of instituting the suit for three years and upwards, and should not have resorted to the State for the purpose of the suit. When a wife seeks for a decree on the ground of three years desertion, if she was domiciled in New South Wales when the desertion commenced, she shall not be deemed to have lost her domicile by reason of her husband having thereafter acquired a foreign domicile.

Bankruptcy.—The law is administered by a Judge in Bankruptcy, under Act No. 25 of 1893. The existing Act came into force on the 27th July, 1893, and consolidated the Acts of 1857, 1853, and 1896. Prior to the commencement of the Act of 1857, viz., 1st January, 1858, the transactions in insolvency were carried out under a Commissioner of Insolvent Estates.

* Though a composition was accepted, the estate was not released by the end of the year.

(a) **Sequestration Orders Annulled.**—The Judge annuls sequestration orders in cases where he is of opinion that a sequestration order ought not to have been made, or where it is shown that the debts of the bankrupt have been paid in full.

(b) **Release of Estate.**—A bankrupt may have his estate released from sequestration after the acceptance and approval of a composition or scheme of arrangement, or if all the creditors are paid in full, or have given him a legal quitance of the debts due.

(c) **Certificates of Discharge.**—Three months from the date of sequestration a bankrupt may give notice by advertisement of his intention to apply for a Certificate of Discharge. The application may be heard within thirty days of the date of the first publication of the advertisement, and the Judge or Registrar receives a report from the Official Assignee, and may either grant or refuse an absolute order of discharge. A bankrupt is not deemed to be discharged until he pays all fees due by him and a certificate has issued.

(d) **Composition and Arrangement.**—The creditors have power to accept, and the Judge to approve, of a proposal for a composition, or for a scheme of arrangement, provided that it has been confirmed by a majority in number representing three-fourths in value of all proved creditors.

Suspension or Refusal of Certificates.—The Judge or Registrar may either grant or refuse an absolute order of discharge, or suspend the operation of the order for a specified time, or grant an order of discharge or suspend the operation of such order subject to any conditions with respect to future earnings or income. In certain cases the Court must refuse, suspend, or grant the order subject to conditions. As one of the conditions of granting an order of discharge the Court may require the bankrupt to consent to judgment being entered up against him.

The Assets and Liabilities are "according to Bankrupts' Statements of Affairs." The assets vary in many instances considerably from the statements showing amounts realised; the original figures as to liabilities, however, represent fairly the actual indebtedness.

Petitions withdrawn and refused.—Petitions withdrawn apply wholly to Creditors' petitions withdrawn in consequence of terms of settlement approved of by the Court, and the petitions refused represent those cases in which the Judge or Registrar is not satisfied that acts of Bankruptcy alleged have been committed, or with the proof of the petitioning creditor's debt.

Official Assignees.—There are three Official Assignees appointed by the Executive Council, with the approval of the Judge, and when, in the opinion of the Judge, an addition to their number is required, others can be appointed. In each estate the Official Assignee receives $2\frac{1}{2}$ per cent. commission on the amount realised, and $2\frac{1}{2}$ per cent. on the amount of dividends declared. The Judge may also grant special remuneration. Each Official Assignee is obliged under the 88th section of the Act to furnish the Registrar with quarterly statements showing the transactions in each estate.

"Bankruptcy Estates Account."—Each Official Assignee pays all moneys received by him to the Registrar in Bankruptcy who places the amount to the credit of the "Bankruptcy Estates Account." In special circumstances the Official Assignee may be allowed to open an account with a Bank. When the Official Assignee's account and plan of distribution in an estate has been confirmed, the Registrar draws a cheque on the Bankruptcy Estates Account in favour of the Official Assignee, to cover dividends and unpaid charges included in the account and plan. In cases of urgency the Registrar may pay out moneys to the Official Assignee, pending the confirmation of an account and plan.

† Stamp Duty—Crown Lands.—The amount of Stamp Duty is that which has been paid by applicants upon receipt of deeds from the Registrar-General, and does not represent the sum charged by the Commissioner of Stamp Duties during the year, on deeds forwarded to him by the Department of Lands. Although conveyances of land from the Crown are always registered under the Real Property Act, the payment of the Stamp Duty, which is collected by the Registrar-General, cannot be enforced until the application for deeds is made.

Acts under which Registered.—Mortgages on Real Estate are registered either under the Deeds Registration Act (No. 22 of 1897), or the Real Property Act (No. 25 of 1900).

Amount of Consideration incomplete.—In many instances the amounts lent upon mortgage by banks are not stated, but simply the words "valuable consideration" or "cash credit" inserted in the deeds. As this occurs frequently when the properties mortgaged are evidently of great value, the absence of the amounts must materially affect the returns, and, as a consequence, the amounts under the head of "mortgages" are incomplete. It must be borne in mind, therefore, that the "Amount of Consideration" stated applies only to cases in which the specific amounts are stated in the deeds, whether the amounts be the sums actually advanced or not.

The Discharges do not include foreclosures, which, if not formally registered as discharges, are nevertheless mortgages cancelled. The returns of discharges are therefore incomplete, and the discrepancy between the mortgages contracted and discharged is largely due to this cause.

Sums Secured, both by Lien on Wool and Mortgage of Sheep.—When any sum has been secured, both by a lien on the wool and by mortgage of the sheep, the amount is included under the head of mortgages only—thus in 1903, the gross amount lent on liens was £248,065; but from this has to be deducted the sum of £78,156, secured both by lien on the wool and mortgage on the sheep, so that the net amount lent on lien was £169,909.

* Discharges and Foreclosures.—It is not compulsory to register discharges; consequently no records exist of Bills of Sale terminated voluntarily, or by seizure with Judge's order to discharge. The large discrepancy between the number "Filed" and "Satisfied" is accounted for by this fact.

All Mortgages on personalty other than Wool, Live Stock, Growing Crops, Ships, and Shipping Appliances, are filed and entered at the Supreme Court under the "Bills of Sale Act of 1898."

For particulars of Mortgages on Ships and Shipping Appliances, see Part "Shipping."

The Copyright Act (42 Vic. No. 20) was passed in May, 1879, and became law on the 1st July following. Under the International Copyright Act, 1886 (49 and 50 Vic., clause 33), and the Orders in Council thereunder, the greater part of the body of Imperial Copyright law applicable to literary and artistic works, together with the Copyright Convention of Berne, became reciprocally applicable to Great Britain and the countries that are parties to the Convention, namely:—Great Britain with her Colonies and Possessions, France and her Colonies (including Algiers), Germany, Italy, Spain with her Colonies, Switzerland, Luxembourg, Monaco, Hayti, Belgium, Montenegro, and Tunis; consequently, it is now possible for Colonial Copyright works to receive International protection within the limitations prescribed by law. The same Act places Colonial Copyright in literary works upon the same footing as Imperial Copyright—that is to say, a work first published in a colony may by registration in such colony obtain protection throughout the British dominions. The registrations effected under the Act up to the end of 1903 amounted in number to 3,866, receipts to £1,256, and disbursements (salaries) to £5,900.

Duration of Copyright.—Books are protected for the natural life of the author and for 7 years after his death, or for 42 years from first publication, whichever may be the longer period; paintings, drawings, sculpture, and engravings, for 14 years; photographs, 3 years; articles composed wholly or chiefly of metal, wood, stone, cement, glass, earthenware, ivory, bone, and similar substances, 3 years; paperhangings, carpets, oilcloths, and all kinds of textile and woven articles, 2 years. To obtain the benefits of the Act in reference to designs, every article must bear the word "Registered," together with the name of the proprietor and the date of registration.

‡ Advances outstanding in excess of li-

§ The Treasury Bills sold during 1901-2 have not been included, as the proceeds (£755,179) were applied to liquidate the Centennial Park Account (£228,417), and the General Post Office New Street Resumption Account (£2,000,000), and also to replace £150,000 to the Railway Loan Redemption Fund, and these three accounts did not form part of the Consolidated Revenue Fund.

NOTE.—The accumulated surplus or deficiency must be considered as approximate only, owing to the fact that advances recovered cannot be satisfactorily distributed to the actual years in which they were made.

* This sum is represented by Treasury Bills current in excess of requirements, to the amount of £37,584, in of £13,000 advanced by the Government to the Penrith Council in 1893, £12,900 of which is yet to be recovered.

† Exclusive of £100,000 paid off Treasury Bills issued 1901-2.

‡ See Note to Table No. 3, re Treasury Bills issued during 1901-2.

NOTE.—It will be seen from the first part of the above table that the total Revenue for the two years 1895-6 was £9,361,639 and £9,338,976 respectively, while the total Expenditure for the same periods, including redemption of Treasury Bills, was £9,918,751 and £9,726,645 respectively. The detailed accounts published in the Register give the Revenue as £9,394,611 and £9,469,694, and the Expenditure as £9,776,331 and £9,531,779, which increased to £9,925,331 in 1895-6 by the redemption of Treasury Bills, and to £9,831,779 in 1896-7 by the redemption of bills. The differences consist chiefly in the exclusion from the above table of temporary advances during the same year in which they were made.

¶ Half-year ended 31st December. ¶ Includes estates not exceeding £1,000, which are exempt from duty under the new Act.

Stamp Duties Act.—The principal Act (44 Vic. No. 3) was passed in 1880, and provided for the imposition of duties from the 1st July of that year. Under the Amending Act, 50 Vic. No. 10, which came into operation on the 31st August, 1886, a graduated scale of duties ranging from 1 to 5 per cent. was adopted; and under the provisions of Act 56 Vic. No. 30, passed in 1893, estates of deceased persons of less than £200 gross value were exempted from duty. In December, 1898, a further Amending Act was passed, and a new scale of duties, ranging from 2 to 10 per cent. was imposed. Estates under the net value of £1,000 are exempt from taxation under the provisions of the new Act.

"General Loan Account."—From 1871 a new system of treating the proceeds of Loans was adopted. A "Separate Loan Fund" was established for each Loan floated on and after that date. The £374,900 Loan of 1871 (35 Vic. No. 5) was the first one dealt with under the new conditions. This practice was continued till 1879, when, under the authority of the "Loan Fund Amalgamation Act" passed in that year, the "Nine Separate Loan Funds" established during the period 1871-9, and all subsequent loans, were amalgamated into one "General Loan Account." The Act declares that no portion of the Amalgamated Funds shall be used for any other purpose than Loan Services.

No. 43.—Sinking Funds of Public Debt on 30th June, 1903.

Class of Security.	Amount originally authorised or issued.	Annual Sinking Fund.	Accumulated Sinking Fund.	Amount to be redeemed on 30th June, 1903. (Net Liability.)	Remarks.
	£	£	£	£	
Railway Loan Redemption Act (53 Vic. No. 24) ...	1,000,000	75,000	525,000	100,000	<p>This fund was established for the purpose of repaying £1,000,000 which was expended for reconstruction and improvement of rolling stock and permanent way. The amount annually contributed from revenue is £75,000, and on the 30th June, 1896, the fund amounted to £375,000, which was used during the latter half of 1896 to pay off debentures in accordance with the Act; while in 1897-8, the amount accumulated to 30th June, 1898, viz., £150,000, was applied in redemption of the balance of Railway Loan, 31 Vic. No. 11. The amount at credit on 30th June, 1903, was £525,000, inclusive of £150,000 from proceeds of Treasury Bills under Acts 64 Vic. No. 68, and 1 Edw. VII. No. 8, floated to replace the £150,000 paid off in 1898.</p> <p>These funds were established under authority of Acts 58 Vic. No. 14, 59 Vic. No. 6, 60 Vic. No. 32, 61 Vic. No. 43, 62 Vic. No. 36, and 63 Vic. No. 42, which provide that amounts of £6,602, £7,409, £6,937, £7,492, £11,122, and £4,851, respectively, shall be set apart each year out of Consolidated Revenue in order to redeem the amounts spent on works which are not permanent or reproductive.</p> <p>In order to provide for the extinction of Treasury Bills issued in aid of revenue, in 1899-90 and 1896, a sum of £150,000 is appropriated each year, but the fund is not cumulative, as bills to the amount of the annual contributions are extinguished each year. The second issue has been reduced by £155,137, bills to the amount of £150,000 having been cancelled, and £5,137 paid off. The third issue is redeemable by annual instalments of £100,000, so that the total sum to be set aside each year for the repayment of Bills in aid of revenue will amount to £250,000.</p>

NOTE.—The prices given are the monthly quotations during the year ended 30th June, 1903, for the New South Wales 4 per cent. Funded Stock (New) due October 1912. The transactions on the Sydney Stock Exchange in New South Wales Government securities are chiefly confined to dealings in this Stock, although during 1902-3 some sales of the local 3 per cent. Inscribed stocks, and 2½ per cent. Treasury Bills issued under Act 53 Vic. No. 46 were reported. Quotations for Debentures and New South Wales 4 per Cents. (Old Funded Stock) are rare as holders of these securities are not disposed to part with them.

NOTE.—The Camden to Campbelltown tramway was placed among the railways during 1888, the Kogarah-Sandown line was similarly dealt with in 1889, and the Ashfield to Enfield line in 1900; they have, therefore, been excluded throughout in the above figures relating to tramways, with the exception of the year 1902, when the two last-mentioned lines were re-transferred to tramways.

NOTE.—The Camden-Campbelltown line, opened in March, 1882, the Kogarah-Sans Souci line, opened in September, 1887, and the Ashfield-Esfield line, opened partly in 1891 and partly in 1899, were transferred to Railways in 1898, 1899, and 1900 respectively; and from the last-mentioned dates the returns of these lines have been included with those of Railways, with the exception of the year 1902, when the two last-mentioned lines were re-transferred to Tramways.

First Railway section opened.—Railway construction in New South Wales was commenced in 1860, and the first length of line—Sydney to Parramatta—was opened on 25th September, 1855. A uniform gauge of 4 ft. 8½ in. has been adopted for the State Railway and Tramway systems.

* The decrease in capital shown in the City and Suburban Tramways is due to the transfer of rolling stock to some of the other lines, while in the case of the North Shore Cable line, the falling-off is due to the land taken for the St. Leonards Railway being transferred to the Railway Capital Account.

† 60 chains converted from cable to electrical traction. ‡ Excess of working expenses over earnings.

§ The decrease in length of line and capital expenditure is due to conversion of part of the steam system to electrical traction.

|| Now entirely converted into an electric system.

* The receipts in respect of the Australasian traffic being in excess of the amounts guaranteed in connection with the reduced rates, New South Wales was not called upon to contribute.

† The subsidy of cable between Port Darwin and Banjowanjie, also the New Caledonian Cable Guarantee are for the year ended 31st December; all other Cable Subsidies and Guarantee Contributions are for the twelve months ended 30th April.

‡ For ten months, agreement terminated on 31st October, 1899.

Cable Subsidies and Guarantees.—With the exception of Queensland, each of the other States, and New Zealand, contributed to 31st October, 1899, *pro rata* to population for the subsidy to cable to Europe. The New South Wales Government does not bear any of the expense of the alternative line, Adelaide to Banjowanjie, via Roebuck Bay, Western Australia. New South Wales and Queensland each guarantee a sum of £2,000 yearly to the French Telegraph Company against loss on the cable to New Caledonia.

Metropolitan Fire Brigades Board.—The Board consists of six members, viz., the chairman, appointed by the Government, and five elected members, one of whom is appointed by the Municipal Council of Sydney, one by the other Municipalities within the proclaimed area, two by the Fire Insurance Companies carrying on business in New South Wales, and one by the Volunteer Fire Companies. The elected members retire every two years, but are eligible for re-election. Towards the annual outlay the Government, the Municipalities, and the Fire Insurance Companies each contribute one-third. The Municipalities contribute *pro rata* to the assessed annual value of ratable property in their respective districts, and the Fire Insurance Companies proportionately to the net risks held on properties within the Metropolitan District. Sydney Harbour is outside the jurisdiction of the Board.

Ship Fires.—For the purpose of dealing with ship fires the Sydney Harbour Trust use the steamer "Pluvius," which is fitted with a compound tandem surface condensing fire engine capable of throwing 2,500 gallons of water a minute. The pump is fitted for six hoses 2½ inches in diameter, and one hose 3½ inches in diameter. The steam scow "Powerful" is fitted with a fire-pump capable of delivering water from four lines of 2½-inch hose. Both of these vessels are always under steam, and in readiness for any emergency.

Partial Payment of Volunteer Firemen.—At the beginning of the year 1902 partial payment of Volunteer Firemen was substituted for the former system of subsidising Volunteer Fire Brigades. Considerable amounts are annually spent by the Board in the provision and repair of fire appliances, for uniforms and equipment, for the erection and repair of stations; and for horses.

Volunteer Fire Companies.—Companies situated within the Metropolitan district are registered at the office of the Board and are subject to the inspection and orders of the Superintendent of Metropolitan Fire Brigades. All the hose and other appliances are the property of the Metropolitan Fire Brigades Board.

Fire-alarm Telephones.—Telephones connected with the fire stations are placed in fire-alarm boxes in the important localities of the city and suburbs. The telephonic system at the end of 1903 consisted of 147 telephones, 28 telephone shutter-boards, and 250 telephone fire-alarms. The length of telephone and telephone fire-alarm wire was 236 miles. Most of the volunteer fire stations, theatres, music halls, &c., are also in direct communication with the Metropolitan Fire Brigade stations. The various police stations are also in communication, and public offices, hotels, wharves, business firms, and private houses, that are connected with the General Post Office Exchange, can transmit calls for fires at any time.

Country Fire Brigades.—Authority is given to extend the provisions of the Fire Brigades Act to the country districts, but owing to an ambiguous clause in the Statute, the Fire Insurance Companies and Municipal Councils do not always consider themselves called upon to contribute towards the expense of maintenance of the Brigades as defined by the Act. The Country Fire Brigades Boards, however, are entitled to receive subsidies from the Government. Some of the above-mentioned Municipalities have not taken any further steps other than having been gazetted.

"National" Parks.—The National Park, 23,685 acres, at Port Hacking; Kurnell, Captain Cook's landing-place on southern headland of Botany Bay, 248 acres; Kuring-gai Chase, 35,300 acres, on the Hawkesbury River; Parramatta Park, 222 acres, at Parramatta, are outside the Metropolitan area, but may be specially mentioned on account of their "national" character. The Centennial Park, 580 acres, divided between the Municipalities of Randwick and Waverley; as also Moore Park, 378 acres, The Domain, 90 acres, and the Botanic Gardens and Garden Palace grounds, 80 acres, situate in the City of Sydney, may also be designated "national" parks.

Trustees of Parks.—Under the Public Parks Act the Governor may appoint Trustees of any lands proclaimed for the purposes of public recreation, convenience, health, or enjoyment. The Trustees are empowered to frame by-laws for the protection of shrubs, trees, &c., upon the land vested in them, and to regulate the use and enjoyment of such land by the public.

* There were three seats to be filled in the Senate, and each voter therefore cast three votes, one ballot-paper being used for the purpose.

NOTE.—At the first Election, on 29th March, 1901, six Senators were elected for New South Wales. The term of service of a Senator is six years, but, in accordance with the Constitution Act, the places of half of the number of Senators became vacant at the end of 1903—three years from the date of the first Commonwealth Election. The Election on the 16th December, 1903, was for the purpose of filling three vacancies to the Senate.

PREVIOUS ELECTION.—Six seats were required to be filled at the first Election (29th March, 1901), and each voter therefore cast six votes, one ballot-paper being used for the purpose. There were 220,573 voters (88,674 informal votes, and 181,899 valid). The number of valid votes cast was 1,091,394.

Constitution Act.—The "Constitution Act, 1902," being an Act to consolidate the Acts relating to the Constitution, was assented to on 18th August, 1902. The Legislature, subject to the provisions of the Commonwealth of Australia Constitution Act, have power to make laws for the peace, welfare, and good government of New South Wales, provided that all Bills for appropriating any part of the public revenue, or for imposing any new rate, tax or impost, shall originate in the Legislative Assembly.

Legislative Council.—No maximum number of members of the Legislative Council is fixed by the Constitution Act. In November, 1904, the number of members was sixty-one. They receive no allowance for expenses, but are privileged to travel free over the Government railways and tramways in the State. Although the appointment is for life, a member forfeits his seat by absence from the writs for choosing the same and no longer, subject, nevertheless, to be sooner prorogued or dissolved by the Governor. Each member (not holding office as a Minister, Speaker, or Chairman of Committees) is entitled to receive the sum of £300 per annum by way of reimbursement for expenses incurred in the discharge of Parliamentary duties. Members also travel free over the Government railways and tramways in the State, and are provided with official stamped envelopes for the free transmission of correspondence through the post. The Speaker of the Legislative Assembly receives a salary of £1,370 per annum, and the Chairman of Committees £470 per annum.

Legislative Assembly.—During the year 1904 New South Wales was divided into ninety electorates, each of which has one member to represent it in the Legislative Assembly. Every Legislative Assembly shall exist and continue for three years from the day of the return of the writs for choosing the same and no longer, subject, nevertheless, to be sooner prorogued or dissolved by the Governor. Each member (not holding office as a Minister, Speaker, or Chairman of Committees) is entitled to receive the sum of £300 per annum by way of reimbursement for expenses incurred in the discharge of Parliamentary duties. Members also travel free over the Government railways and tramways in the State, and are provided with official stamped envelopes for the free transmission of correspondence through the post. The Speaker of the Legislative Assembly receives a salary of £1,370 per annum, and the Chairman of Committees £740 per annum.

General Elections.—For information regarding Electors and Votes recorded in each Electorate at a general election, see Statistical Register for the year following the date of opening of each Parliament.

NOTE.—Every man or woman, being a natural-born or naturalised subject above the age of 21 years, who is of sound mind, and not on full pay in the Military or Naval Service, nor in receipt of public charity, is entitled to receive an "Elector's Right," provided that he or she, if a natural-born subject, has resided, or has had his or her principal place of abode, in New South Wales for a continuous period of one year, or if a naturalised subject for a like period after naturalisation—and residence for three months in the district for which he or she claims to vote—and applies in person, or through the post in prescribed form, to the Registrar of the district, and establishes his or her qualification. Provision is made for the issue of new "Rights" on change of residence, after one month's residence in the new district, and for substitutes for lost Rights. The franchise was extended to women during the year 1902, and women voted at the General Election for the twentieth Parliament.

NOTE—Sydney is the headquarters of the fleet, and ranks as a first-class naval station.
Naval Agreement Act, 1903.—This Act provides that the Naval Force on the Australian Station shall consist of not less than 1 armoured cruiser, 1st-class, 2 2nd-class cruisers, 4 3rd-class cruisers, 4 sloops, and of a Royal Naval Reserve of 25 officers and 700 seamen and stokers. The base of this force shall be the ports of Australia and New Zealand, and their sphere of operations the waters of the Australia, China, and East Indies Stations. One ship shall be kept in reserve and three others partly manned shall be used as drill ships for training the Royal Naval Reserve, the remainder shall be kept in commission fully manned. The drill ships and one other vessel are to be manned by Australians and New Zealanders paid at special rates. They are officered by officers of the Royal Navy and Royal Naval Reserve. Eight nominations for naval cadetships are given annually to the Commonwealth and two to New Zealand. The agreement is for ten years. An annual charge of £200,000 is paid to the Imperial Government by the Commonwealth, and £40,000 by New Zealand.

No. 45.—The Royal Naval House.

The Royal Naval House in Grosvenor-street, Sydney, was erected exclusively for the accommodation of the men of British warships. It was built in 1889, at a total cost, inclusive of land, of £25,000, contributed by citizens and the Government of New South Wales. The House contains large reading and smoking, dining, and billiard rooms, besides a gymnasium, and other accessories. Sleeping accommodation can be found for 300 men. The institution is self-supporting, aided by an annual grant from the Lords Commissioners of the Admiralty and the Government of New South Wales, which grants are devoted to maintaining the House during the absence of the warships from Sydney. About 38,000 sleepers are booked in the House annually, and it is used by the men of the fleet in every other way very freely.

It is the only establishment of its kind in Australasia. The House is controlled by a Superintendent, a Committee elected by the Trustees from among their number, and a few Naval Officers, also an Honorary Secretary and Treasurer.

Time Ball.—The Time Ball at the Sydney Observatory is dropped every day at 1 p.m. Standard Time, or 15 hours Greenwich Mean Time. There is a Time Ball at Newcastle which is controlled by signals from the Sydney Observatory.

Standard Time.—The mean time of the 150th meridian of longitude east of Greenwich, England, is the Standard Time throughout New South Wales, with the exception of the area within the Municipal District of Broken Hill and the Electorate of Sturt, in respect of certain sections of the Licensing Act, Billiard and Bagatelle Licensing Act, Parliamentary Electorates and Elections Act and Municipalities Act. The mean time of the 135th meridian of east longitude is in respect of the above enactments declared to be the standard time for these districts.

Latitude, &c., of Observatory.—Latitude, 33° 51' 41" south; longitude, 151° 12' 42" east; altitude, 146 feet.

Thermometers.—The thermometers are exposed in a shed 11 feet square, of which the sides are 5 feet 6 inches high, and enclosed to within 18 inches of the ground with open lattice-work. The roof is conical, rises to 13 feet above the ground, and is covered with louvres close enough to keep out rain. Repeated experiments have been made to determine the relation between temperature in this shed and that shown by a swing thermometer, both night and day, with the result that there is no difference. It is, therefore, assumed that the shade obtained is a satisfactory one.

Humidity.—The humidity is obtained from the wet and dry bulb readings by means of a set of curves, which show the amount by inspection. These curves have been calculated from the Greenwich Dew Point Factors. The humidity thus obtained agrees with that given by Glaisher's tables.

Rain-gauge.—The rain-gauge is round, 3 inches in diameter, and with rim 15 inches above ground. The pluviometer results are from a gauge of the same size, 9 ft. above ground, and recording on the same paper as the anemometer. Two similar gauges, placed on the ground 6 ft. apart, are used; they differ very little, and not always the same way; the larger record is taken.

Some of the statements are quarterly, and some half-yearly, but the majority are annual.

Trade Unions are registered under Act 45 Vic. No. 12. Under the provisions of the Act any seven or more members after such union. Section 18 provides that returns of Liabilities and Assets and Receipts and Expenditure shall be to the Registrar each year. The number of Unions registered at the end of June, 1904, was 284, of which only the 85 Societies furnished the necessary returns. It must be mentioned, however, that a number of the unions which did ply the statutory particulars are practically defunct.

No. 23.—Trade Unions registered under the Trade Union Act—continued.

No. 2.—Receipts of Sydney Branch, Royal Mint, 1855-1903.

Branches of Royal Mint.—The Sydney, Melbourne, and Perth Branches of the Royal Mint are the only institutions of such a kind in existence in the British Possessions, the Mints at Calcutta and Bombay being established on a different basis. The Sydney Branch was opened on 14th May, 1855, the Melbourne branch on 12th June, 1872, and the Perth branch on the 20th June, 1899. Gold only is coined in the Branch Mints, the silver and bronze coin required for circulation in the Australasian States being obtained from the London Mint. The expenditure of the State establishments is borne by the respective Governments, the amount granted annually to the Sydney Mint by New South Wales being £15,000. The unexpended balance of this annuity is paid into Consolidated Revenue, together with the Mint Receipts.

MINT CHARGES.

Gold deposited at the Sydney Mint for melting, assaying, refining, and coining is subject to a charge per ounce, and the charges are deducted from the gross value of the deposit. They are—

(A) For assaying and coining.—Charge fixed by the Royal Proclamation of 17th September, 1900—1d. the ounce standard.

(B) For melting and refining.—Levied on all gold insufficiently refined and toughened for direct conversion into coin—

(a) A deposit of 500 ounces or under, at the rate of 3d. the ounce, gross.

(b) A deposit of more than 500 ounces, but not more than 1,000 ounces, at the rate of 2d. the ounce, gross.

(c) A deposit of more than 1,000 ounces, at the rate of 1d. the ounce, gross.

(d) A deposit containing more than 5 per cent. of base metal, at the rate of 1s. the ounce for all base metal contained therein, in addition to the ordinary charges for melting, assaying, refining, and coining.

The minimum charge on any one deposit is 6s., except in the case of deposits containing more than 5 per cent. of base metal, when the minimum charge is 10s. 6d.

Silver retained.—In addition to the above, the Mint authorities retain all silver contained in deposits, but payment is made for the silver in excess of 8 per cent. at a rate from time to time fixed by the Deputy Master. The rate paid from the 1st January to the 30th November, 1901, was 2s. 3d. per oz. fine; from the 1st December, 1901, to the 11th May, 1902, 2s. per oz. fine; and from the 12th May, 1902, 1s. 6d. per oz. fine.

*This represents gold received by escort at the Mint for the Sydney banks, which, after being assayed by the latter institutions, is returned for coinage; the Mint authorities are, therefore, unable to state the place of origin.

† These values are approximate only, the actual figures being unobtainable; but the totals given, namely, £386,978, £210,522, £682,986, £597,325, and £586,949 are correct. An average price of about £3 11s. 8½d. has been assumed in arriving at the value of the gold from each district during 1903. It is probable, however, that the prices varied to some extent.

Light Gold and Silver Coins.—Light gold coins in parcels of not less than £50 nominal value are received at the Sydney Mint and recoined free of charge, but depositors are required to bear the loss by abrasion. The worn silver withdrawn from circulation is forwarded to England for recoinage.

Seigniorage.—The difference between the nominal value of silver and the average price per standard ounce paid by the London Mint represents the seigniorage or gross profit. The coinage or nominal value of silver per standard ounce is 5s. 6d., and the price per ounce paid by the London Mint during 1903 averaged 2s. 0½d. The difference, 3s. 5½d., represents the seigniorage accrued; against this, however, must be placed the loss to the Imperial Government by purchase of worn silver at its nominal value.

No. 20.—Deposits in Banks of Issue, 31st March, 1904.

Preferential Capital represents Fixed Deposits capitalised on and after the dates of reconstruction of the institutions. The holders of these deposits after a certain number of years become ordinary shareholders, and, with one exception, the preference, either as regards capital or dividends, ceases. (See Supplementary statement).

Inscribed or Perpetual Stocks.—Formerly the practice of issuing stocks was confined to one institution—the Union Bank of Australia (Limited); but, since 1893, the English, Scottish, and Australian Bank (Limited), the Australian Joint Stock Bank (Limited), and the Queensland National Bank (Limited), have issued Inscribed or Perpetual Stocks.

Extended or Deferred Deposits.—Under the terms of reconstruction, the eight reconstructed banks operating in New South Wales were empowered to gradually liquidate the Fixed Deposits by payments in instalments extending over a series of years. The Commercial Banking Company of Sydney (Limited), the National Bank of Australasia (Limited), and the Bank of North Queensland (Limited), have released the whole of the extended fixed deposits, and some of the other institutions have prepaid part of their deposits.

SUPPLEMENTARY STATEMENT.

Bank.	Particulars.
PREFERENTIAL CAPITAL.	
Commercial Bank of Australia (Limited)	The preferential shares have priority over ordinary shares, both as to dividends and capital, the preference being continuous in each case.
National Bank of Australasia (Limited)	The preference as regards dividends is continuous, but as regards capital it ceases after the preference shareholders have received ten half-yearly dividends of at least 7 per cent. per annum.
London Bank of Australia (Limited) ...	The preference as regards capital is continuous, but as regards dividends it ceases after the preference shareholders have received five yearly dividends of 7 per cent. per annum.
INSCRIBED OR PERPETUAL STOCKS.	
Australian Joint Stock Bank (Limited) ...	Interest 3½ per cent. per annum, to be increased to 4½ per cent. if profits allow. Repayable at option of Bank after 1907, on six months' notice being given.
Queensland National Bank (Limited) ...	Interest 3½ per cent. per annum. Redeemable out of surplus profits on six months' notice being given. Principal immediately repayable if interest not paid, or Bank wound up.
Union Bank of Australia (Limited) ...	Inscribed Stock Deposits ... } These are on the same footings as the ordinary fixed deposits.
English, Scottish, and Australian Bank (Limited).	Two classes of perpetual stocks are in existence, viz., 4 per cent. Debentures and 4½ per cent. Inscribed Stocks. The 4½ per cent. Inscribed Stock is divided into preferred and deferred, the former bearing a fixed rate of 3 per cent., and the latter a dividend of 3 per cent. from the profits (if any), and, if earnings allow, 4½ per cent. after placing £15,000 annually to Reserve Fund. The Deferred Inscribed Stock ranks after the Preferred Inscribed Stock, and both of these after the Debenture Stock. Terminable Deposits, and New Fixed Deposits.

Bank Note Composition.—Prior to the passing of the Bank Notes Act of 1893, the composition payable by the Banks of Issue under the Stamp Duties Act of 1880 was at the rate of 2 per cent. per annum on the average value of notes in circulation, but under the provisions of the Act mentioned, the rate was increased to 2½ per cent. per annum. As the Bank Notes Act lapsed in November, 1896, the composition paid since that date was charged at the old rate of 2 per cent. per annum. The Queensland National Bank (Limited), the Bank of North Queensland (Limited), and the Bank of New Zealand have no note circulation in New South Wales.

NOTE.—The Banks' Exchange Settlement, or Bankers' Pool, was established on the 18th January, 1894, in order to facilitate the settlement of exchange of notes, cheques, &c., between the 13 banks of issue transacting business in New South Wales. The "Pool" consists of £700,000 in gold, the contribution to which by each bank is regulated by the volume of the business transacted. The gold, which is placed in the hands of three Trustees, is deposited in safes in the vaults of three of the banks, and cannot be circulated or disturbed. No bank is permitted to allow its daily credit balance to fall below 25 per cent. of its fixed contribution to the £700,000.

No. 25.—Liabilities and Assets of Registered Companies receiving Money on Deposit, June quarter, 1904.

Companies furnishing Quarterly Returns of Local Assets and Liabilities.—Since 1841 the Banks of Issue have been obliged to furnish quarterly returns of local Assets and Liabilities; but it was not till 1879, under an Act passed in that year, that other registered Companies receiving money on deposit in New South Wales were required to furnish quarterly statements similar to those of Banks of Issue.

The thirteen Companies which furnished quarterly statements, and which are included with the 824 Companies mentioned in Table No. 26, practically represent all the institutions which are dependent on outside capital, exclusive of the few established prior to 1879.

Companies not furnishing Quarterly Returns of Local Assets and Liabilities.—Companies formed prior to 1879, and receiving money on deposit, are not required to furnish quarterly statements of local Assets and Liabilities. The number of such, however, is very small. Registered Companies which do not receive money on deposit are not subject to the provisions of the Act which require the publication of the Quarterly Returns.

No. 26.—Registered Companies under the Companies' Act (No. 40, 1899) on 31st December, 1903.

Returns furnished to the Registrar of Joint Stock Companies.—Each incorporated Company, registered under the Act, is required to furnish to the Registrar, at least once a year, particulars as to the number of shares, amount of calls, &c.

Membership.—Companies having less than 7 members cannot be incorporated under the Companies' Act, but 7 or more persons may associate for any lawful purpose, and form themselves into an incorporated company with or without limited liability.

Compulsory registration of Companies.—No Company or Association exceeding 20, except a Banking Company, in which case the limit is 10, having for its object the acquisition of gain, can be formed without being registered under the Companies' Act, or some Special Act.

Limited Companies.—The liability of the members of a Company is limited to the amount of unpaid shares (issued) respectively held by them, or to such amount as the members may respectively undertake by the memorandum of association to contribute to the assets of the Company in the event of its being wound-up. In the event of a Company winding-up, no past member who had ceased to be a member for a year or upwards prior to the commencement of the winding-up, is liable to contribute to the assets of the Company.

Number and Capital of Limited Companies.—On the 31st December, 1903, there were 324 of these companies in existence, having an aggregate nominal capital of £44,704,957.

Note.—Some of the Companies fail to furnish the particulars required by the Companies' Act. Any tabulations relating to them would therefore be incomplete.

The Registration Fees payable are stated in Table B of the 2nd Schedule of the Consolidating Act No. 40, 1899. The fees prescribed in this Table apply to Companies having a capital divided into shares, and to Companies not having the capital divided into shares. The minimum and maximum charges for registration of a company are respectively £5 and £50 for the former, and £2 and £20 for the latter companies.

Companies registered outside New South Wales.—The provisions of the Companies' Act do not apply to companies registered outside New South Wales but operating in the State; such Companies may, however, be registered under the Act for the purpose of winding-up and adjusting financial operations within New South Wales.

No. 28.—Registered Companies, on 31st December, 1903.

No-Liability Mining Companies.—The first Act for the regulation of these Companies (44 Vic. No. 25) was passed in March, 1881, and continued in force till the 2nd October, 1896, on which date the "No-Liability Mining Companies Act" (60 Vic. No. 15) was passed, and all subsequent transactions were subject to the new provisions. The latter has now been superseded by Act, No. 40, 1899, which consolidates all previous enactments relating to Companies. It provides in section 208 that an annual balance-sheet shall be filed with the Registrar of Joint Stock Companies. The memorandum of association must be signed by not less than seven intending members. The acceptance of a share or shares in these Companies does not render a person liable to pay contributions or calls thereon. No dividends, however, are payable upon any share on which a call is due and unpaid, and shares upon which a call has remained unpaid fourteen days after it is due become absolutely forfeited thereby, without any other proceeding being necessary.

Companies operating outside New South Wales.—Under the old Act, Companies whose places of operation (or mines) were outside New South Wales could not register in the State. Under the new Act this has been altered, and Western Australian and other mining Companies are now being registered in New South Wales.

Fees.—The fee for registration under the Act is £1.

Benefit Building and Investment Societies.—These societies are registered under the Building and Co-operative Societies Act, 1901 (No. 17, 1902), which consolidated the law relating to societies formerly registered under the Friendly Societies Act of 1873. Under the provisions of the existing Act, any number of persons may form themselves into and establish societies for the purpose of raising money by subscription to enable members to erect or purchase dwellings, &c., which must be secured to the society by mortgage until the amount of shares has been fully paid. The rules of the society must be signed by three of the intending members, and the Secretary or other officer, before the institution can be registered.

Return of Net Risks under Fire Brigades Act.—Under the Fire Brigades Act, 1902, the Insurance Companies holding risks within the proclaimed area under the Fire Brigades Board of Sydney are required to furnish annually to the Board the amount held at risk (within the proclaimed area) by each Company on the preceding 31st December, less the amount reinsured with other contributing Companies under the Act. The total contributions to be levied for 1904 are £14,000, by 41 Companies, the amount contributed by each Company towards the cost of maintenance for the year being established by the Board from the returns supplied by the Companies. A similar amount to that contributed by these Companies is paid both by the Government and the Municipal Councils within the area under the jurisdiction of the Board.

Other Lines.—In addition to the above there are several private lines in operation in the State, but so sparse as to be of no importance. During 1908 the following lines were opened for the construction of a private line from the town of Deniliquin to the town of Moama, a distance of 4 miles 7 chains. During 1908 the line was purchased by the Government for £1,000, and the Railway Commissioners entered into an agreement with the Deniliquin Railway Company for the use of the line during the following two years, paying 1 per cent. per annum on the capital value of the line for the construction.

Private Railways under Construction.—During 1908 the following lines were opened for the construction of the Deniliquin and Moama Railway, a line of 4 miles 7 chains. The latter was opened for traffic under the terms of the Deniliquin Railway Act, 1908, and the Government entered into an agreement with the Deniliquin Railway Company for the use of the line during the following two years, paying 1 per cent. per annum on the capital value of the line for the construction.

<p>Standards.—The Weights and Measures Consolidation Act (No. 19 of 1896) repealed the original Acts (3 Wm. IV. No. 4, and 16 Vic. No. 34). Under the provisions of the existing Act, the standard Imperial Weights and Measures of Great Britain are declared to be the standards for New South Wales. The Act also provides that all articles sold by weight must be sold by Avoirdupois, except gold, silver, platina, diamonds, or other precious stones, which are to be sold by Troy weight, and drugs, which, when sold by retail, may be sold by Apothecaries' weight.</p> <p>Inspectors.—The Inspectors of Weights and Measures administer two Acts, viz., the Bread Act (No. 35, 1901) and the Weights and Measures Act (No. 19, 1898). The Sydney Coal Delivery Act (No. 65, 1901) only applies within the Metropolitan District to a radius of 5 miles from Macquarie-place. All inspectors must be appointed by a Bench of Magistrates. In the country districts the persons selected are generally Sergeants of Police, who, however, are not subject to any control beyond the provisions of the Weights and Measures Act, and consequently no records are available as to material dealt with.</p>

Fees paid into Treasury.—The fees for testing weights and measures are fixed by the Act, but for examining scales and testing weighing machines, weighbridges, and Troy weights the fees are fixed by the Under Secretary for Finance and Trade. The amounts received in the Metropolitan area are paid into the Treasury, but those collected in the country are retained by the inspectors.

Prosecutions.—The prosecutions in the Metropolitan area during 1903 by the inspector numbered 26, of which 11 were instituted under the Weights and Measures Act, 13 under the Coal Act, and 2 under the Vagrancy Act. The total amount of fines and costs of Court during the year was £29.

***Coal Mines Regulation Act (60 Vic. No. 12).**—Under the provisions of clause 42 of this Act, the inspectors of weights and measures under Act 16 Vic. No. 34 must examine all weights, scales, balances, &c., used in coal mines, at least once in every six months.

No. 18.—Causes of Insanity of Patients Admitted to Hospitals for the Insane, and Licensed Houses, 1901-1903.

Number of Causes of Insanity.—Number of Patients.—These "Causes" are taken from the statements in the papers received with the Patients on admission, and are verified or corrected as far as possible by the Medical Officers. The "predisposing" and "exciting" causes are both enumerated in all cases where the predominating causes could not be distinguished, so that the aggregate of the totals for each of these years exceeds the total number of patients yearly admitted.
